1884-85

ISSUED BIENNIALLY BY

R. L. POLK & CO., INDIANAPOLIS, IND.,

40 LARNED STREET WEST, DETROIT, MICH.; 150 DEARBORN ST., CHICAGO, ILL.; LEDGER BUILDING, PHILADELPHIA, PA.; 22 N. FOURTH ST., ST. LOUIS, MO.

Entered according to an act of Congress, in the year 1884, by R. L. POLK & Co., in the office of the Librarian of Congress, at Washington, D. C.

Allen County Public Library
900 Webster Street
PO Box 2270
Fort Wayne, IN 46801-2270

PREFACE.

In presenting this the third volume of the Indiana State Gazetteer and Business Directory, the publishers feel confident that it will meet with the same approval accorded former issues, and that it differs from its predecessors in being superior and more correct.

The present volume contains 1200 pages of printed matter, giving the name and postoffice address of 65,000 firms and individuals engaged in business, trades and professional pursuits throughout the State, which are arranged in alphabetical form in each town, and supplemented with a descriptive sketch of each postoffice in the State, which embraces the location, population, distance to different points, the most convenient shipping station, nearest bank location, trade statistics, etc.

A very important feature of the work is the Classified Directory, which comprises lists of all Trades, Professions and Pursuits in the State, arranged in a concise and comprehensive form. In point of fact, the Indiana State Gazetteer and Business Directory contains such a fund of general and miscellaneous information, that no one having respect for the information represented should permit himself to be without this valuable work.

The Publishers extend thanks to those who have rendered valuable assistance in gathering information and data, and especially to the postmasters throughout the State who have so promptly responded to communications and forwarded the desired information. Thanks are also tendered the many advertising patrons of the work.

WAYNE CO.—Richmond the county seat. Clerk, William H. Slater. Sheriff, Isaac Alexander Gorman. Treasurer, Peter P. Kirn. Auditor, Thaddeus W. O. Braffett. Recorder, James W. Wilson. Coroner, James E. Taylor. Surveyor, Addison H. Study.

WELLS CO.—Bluffton the county seat. Clerk, John H. Ormsby. Sheriff, Marcellas M. Justus. Treasurer, James P. Deam. Auditor, Naaman T. Miller. Recorder, Erastus B. McDowell. Coroner, Warren W. McBride. Surveyor, Taylor W. Barton.

WHITE CO.—Monticello the county seat, Clerk, Samuel P. Cowger. Sheriff, Joseph W. Stewart. Treasurer, Madison T. Didlake. Recorder, James P. Simmons. Coroner, Robert J. Clark. Surveyor, Alfred R. Orton. Auditor, Henry Van Voorst.

WHITLEY CO.—Columbia City the county seat. Clerk, James M. Harrison. Sheriff, Franklin P. Allwein. Treasurer, Oliver P. Stewart. Auditor, Manfred D. Yontz. Recorder, Caspar W. Lamb. Coroner, Charles S. Williams. Surveyor, Herman A. Hartsock.

1358804

INDIANA COLLECTION LAWS

Actions.—Must be brought in the name of the real party, in interest. The distinction between actions at law and suits in equity is abolished, and a single form denominated a civil action is substituted.

Arrest.—No imprisonment for debt except in cases of fraud.

Attachment.—May issue upon proper affidavit and bond when action is for the recovery of money in the following cases: (1) Where a defendant is a foreign corporation, or a non-resident of the State; or, (2) Where a defendant is secretly leaving, or has left the State, with intent to defraud creditors; or, (3) so conceals himself that summons can not be served upon him; or, (4) is removing, or is about to remove his property, subject to execution, or a material part thereof, out of the State, not leaving enough to satisfy plaintiff's claim; or, (5), has sold, conveyed or otherwise disposed of his property, subject to execution; or suffered, or permitted to be sold, with the fraudulent intent to cheat, hinder or delay his creditors; or, (6) is about to sell, convey or otherwise dispose of his property, subject to execution, with such intent. But no attachment shall issue where the plaintiff and principal defendant are both non-residents, and the money sought to be reached is the personal earnings or wages due or owing to the principal defendant from any person or corporation doing business in the State.

Chattel Mortgage.—Where mortgager retains possession, must be recorded within 10 days in Recorder's office of county where mortgager resides, to be valid.

Commercial Paper.—See Notes and Bills

Corporations.—Are organized under general laws. The only personal liability of stockholders of manufacturing and mining corporations is to pay the amount of stock subscribed by them respectively, except that such stockholders are individually liable for all debts due and owing laborers, servants, apprentices and employes for services rendered such corporations. (Laws Special Session 1875, p. 29.) By Act of March 13, 1877, it is provided that the employes of any corporation doing business in this State, whether organized under the laws of the State or otherwise, shall be entitled to have a lien upon the corporate property and earnings of such corporation for all work and labor done therefor. Said lien to be prior to any and all liens created or acquired subsequent to the date of such employment, except that when any person, other than an employe, shall acquire a lien upon the corporate property, and such lien shall remain a matter of record for 60 days in any county in this State where such corporation is located or doing business, and no lien shall have been acquired by any employe of such corporation during that period, then such lien shall have priority over the lien of the employes, also, except any lien for purchase money. To acquire such lien the employe must have a notice of his intention to hold it recorded in the Recorder's office of the county where the corporation is located or doing business. The lien must be enforced within 6 months after acquiring it, or if a credit is given, from expiration of credit. (Law Special Session 1877, p. 27.)

Dower.—Tenancies by the courtesy and in dower are abolished. If a husband die testate or intestate, leaving a widow, one-third of his real estate shall descend to her in fee simple, free from all demands of creditors. Provided, That where the real estate exceeds in value $10,000, the widow shall have one-fourth only, and where it exceeds in value $20,000, one-fifth only as against the creditors. If a wife die, testate or intestate, leaving a widower, one-third of her real estate shall descend to him, subject, however, to its' proportion of the debts of the wife contracted before marriage. By the act of March 11th, 1875, it is provided that the wife shall be entitled to one-third in fee simple of real property owned by the husband and sold at judicial sales on judgment rendered after the taking effect of said act (August 25, 1875), where it is not ordered in said judgment that her interests shall be sold or barred, whenever the title to such real property shall become vested in the purchaser, his heirs or assigns, by virtue of such sales, except that when such sale or sales amount to more than $20,000, she shall only be entitled to such interests in $20,000 of the same.

Evidence.—Parties in interest of equal competency with other witnesses; husband and wife can not testify for or against each other. Confidential communications to lawyers, physicians and ministers, made to them in their professional character, are privileged.

Execution. — Lien on personal property, within the county, from the time

of going into hands of officer, if several are out at the same time in hands of different officers, first levied has preference; and all liens created by the prior delivery of any other execution shall be divested in favor of execution first levied.

Exemption.—$600 to resident householders, of any property they may select. The forgoing provisions only applies to debts founded on contract, expressed or implied, entered into since about May 30, 1879, and does not affect any laborer's or mechanic's lien, nor lien for the purchase money of the real estate exempted. Upon contracts entered into before said date, there is only an exemption of $300. (As to exemptions in favor of married women, see Married Women.)

Foreign Corporations—Agents of corporations not incorporated or organized in this State before entering upon the duties of their agency in the State, shall deposit in the Clerk's office of the county where they propose doing business therefor, the power of attorney, commission, appointment, or other authority under or by virtue of which they act as agents. Said agents shall procure from such corporations, and file with the Clerk of the Circuit Court of the county where they propose doing business before commencing the duties thereof, a duly authenticated order, resolution, or other sufficient authority of the Board of Directors, or managers of such corporations, authorizing the citizens or residents of this State, having a claim or demand against such corporations arising out of any transaction in this State with such agents, to sue for and maintain an action in respect to the same in any court of this State of competent jurisdiction, and further authorizing service of process in such action on such agent, to be valid service on such corporation, and that such service shall authorize judgment and all other proceedings against such corporation. Such foreign corporations shall not enforce in any courts of this State any contracts made by their agents, or persons assuming to act as their agents, before a compliance by such agents, or persons acting as such, with the foregoing provisions of law. Any person acting as agent of such corporations, neglecting or refusing to comply with the foregoing provisions as to agents, shall, upon presentment or indictment, be fined in any sum not less than fifty dollars. The foregoing provisions do not apply to persons acting as agents for foreign corporations for a special or temporary purpose, or for purposes not within the ordinary business of such corporations. The Supreme Court of this State has decided that the foregoing provisions of law do not apply to foreign corporations, or their agents, engaged wholly in the manufacture, use, or sale of patented articles in this State.

Foreign Insurance Companies—Are prohibited from doing business in this State until they get a permit from the Auditor of State. Contracts made by such companies in this State, before they obtain such permit, are void.

Garnishment.—If at a time, or before or after, an order or attachment issues, plaintiff, or some one in his behalf, shall file an affidavit that he has good reason to believe that any person [naming him] has property of the defendant in his possession, or under his control, which officer can not attach, or that such person is indebted to defendant, or has the control or agency of any property, moneys, credits or effects of defendant, a writ of garnishment shall issue against such person, and he shall be accountable to plaintiff for the amount of money, property or credits in his hands, or due from him to defendant from the time of service of the summons in garnishment, except that the wages of all persons in the employ of any person or corporation shall be exempt from garnishment and proceedings supplemental to execution in the hands of such person or corporation so long as such employe remains in such employment, not exceeding one month's wages at any one time.

Grace, Days of.—All commercial paper payable in this State is entitled to three days of grace, except when the third day falls on a holiday, the paper matures the day before.

Holidays.—Sundays, January 1st, July 4th, December 25th, and any day appointed or recommended by the President of the United States, or Governor of this State, as a day of public fast or thanksgiving, shall be holidays within this State for all purposes of presenting for payment or acceptance for the maturity, protest and giving notice of the dishonor of all commercial paper, and all such paper falling due or maturing on either of said days shall be deemed as having matured on the day previous.

Interest.—By recent act, interest, in absence of contract as to same, is to be six per cent. Parties may agree in writing upon rate, but not exceed eight per cent. If higher rate than eight per cent. be charged, excess over six per cent. void and recoverable. Future judgments bear six per cent. interest, unless contracts upon which judgment was recovered bear lower rate than the same rate. These rates apply to new contracts. The provisions relating to contracts made before the present act are as follows: Six per cent.; ten per cent. valid on written agreement and may be taken in advance. Contracts for more than ten per cent., usurious only as to excess. Judgments on contracts made since the 5th of February, 1873, bear the same rate of interest up to ten per cent., as contracts bore at the time of rendition; but when no rate is expressed in such contract, or a greater rate than ten per cent., such judgment shall bear interest at the rate of six per cent.

Judgments.—Of Circuit and Superior Courts, and transcripts of judgments from Justices, filed in County Clerk's office, lien upon real estate within the county, with or without the issue of execution, ten years; but execution may be had after that time upon motion and affidavit and proper notice to adverse party.

Jurisdiction.—Justice's Courts $200 and under. Circuit and Superior Courts in all amounts, but on contracts plaintiff must recover $50 or over to cover costs.

Limitations.—Accounts and unwritten contracts six years; contracts in writing, judgments of courts of record and for the recovery of the possession of real estate, 20 years.

Married Women.—May dispose of separate personal property as if sole owner, and may carry on business and enter into contract with respect thereto; can not sell her real estate or dispose of same except on lease not exceeding three years, or a mortgage to secure the purchase money, unless her husband shall join therein; can make contract to improve her separate real estate. When liable her separate estate, both real and personal, may be takeo on execution, but her wearing apparel and articles of adornment purchased by her not exceeding $200 in value, all presents to her of jewelry, ornaments, books, works of art, and other effects for personal or household use and other property [other than for purchase money thereof] to the amount of $300 shall be exempt from execution. She can not encumber her separate estate acquired by descent, devise or gift as a security for the debt or liability of any person whatsoever.

Minors.—Not liable on their contracts, except for necessaries supplied for their support and education.

Notes and Bills. — Promissory notes, payable to order or bearer, at a bank in this State, and bills of exchange, are governed by the Law Merchant. Promissory notes, not payable at a bank, subject to any defense or setoff maker may have against payee, or any subsequent holder, accruing before notice of assignment. On last named notes [not payable in bank] maker must be exhausted before endorser can be sued. Protest not necessary to hold endorsers of such notes, but to hold them maker must be sued at first term of court after maturity, unless he is shown to have been insolvent at time of such maturity.

Partnerships.—Are general or limited. In a general partnership each member [except married women and minors] is jointly and severally liable for all the debts of the firm. Limited partnerships, for the transaction of mercantile, mechanical or manufacturing [but not banking or insurance] business may be formed by one or more general partners and one or more special partners. The special partners shall contribute to the common stock a specified sum in cash, and shall not be liable for any debts of the partnership, except for some violation of their rights and duties as special partners. No such partnership shall be deemed to have been formed until all the partners shall sign, acknowledge and have recorded in the Recorder's office of the county where their principal place of business is located a certificate containing the name or firm under which such partnership is to be conducted, the full name and residence of all general and special partners, amount of capital contributed by each special partner, the general nature of their business, and when the partnership is to commence and terminate. A copy of said certificate shall be published for six successive weeks immediately after such registry in a newspaper published in said county, but if no paper is published in said county, then in a newspaper in this State nearest thereto; and if such publication is not made, the partnership shall be deemed general. The business shall be conducted by and in the name of the general partners; and the special partners take part in not allow their names to be used in the business, they become liable as general partners. The capital stock shall not be reduced during the continuance of the partnership.

Redemption.—Real estate sold on execution or decree may be redeemed within one year from date of sale by payment of amount for which it was sold, with ten per cent. thereon from date of sale.

Registry Laws.—Deeds and mortgages of real estate must be recorded within 45 days. If not so recorded, good as between parties thereto, but not as against innocent parties acquiring interest after their execution, and before the actual recording thereof.

Statute of Frauds.—No action shall be brought in any of the following cases: (1) To charge an executor or administrator upon any special promise, to answer damages out of his own estate; or, (2) to charge any person upon any special promise, to answer for the debt, default, or miscarriage of another; or, (3) to charge any person upon any agreement or promise made in consideration of marriage; or, (4) upon any contract for the sale of lands; or, (5) upon any agreement that is not to be performed within one year from the making thereof, unless the promise, contract or agreement upon which such action shall be brought, or some memorandum or note thereof, shall be in writing, and signed by the party to be charged therewith, or by some person thereunto by him lawfully authorized, excepting leases not exceeding three years. The consideration need not be expressed therein. Part performance of such agreements takes them out of operation of the statute. No action shall be maintained to charge any person by reason of any representation made concerning the

character, conduct, credit, ability, trade or dealings of any other person, unless the same is in writing, and signed by the party to be charged. No contract for the sale of goods for the price of $50 or more shall be valid, unless the purchaser shall receive part of such property, or give something in earnest to bind the bargain or in part payment, unless some note or memorandum thereof is in writing and signed by the party to be charged.

Stay of Execution.—May be had by giving one or more sufficient freehold sureties; in higher courts, 30 days on judgments of $6 or under; over $6 and not exceeding $12, 60 days; over $12 and not exceeding $20, 90 days; and up to $40, 120 days; over $40 and up to $100, 150 days; 180 days in all sums over $100. In Justice's Courts substantially same, except that 180 days are given on all sums over $75.

Valuation and Appraisement Laws.—Contract waiving relief from, are valid, and judgments are rendered thereon to be so enforced.

Voluntary Assignments.—Any debtor or debtors in embarrassed or failing circumstances may make a general assignment of all his or their property, in trust for the benefit of his or their *bona fide* creditors.

THE

INDIANA STATE GAZETTEER

AND

BUSINESS DIRECTORY

FOR

1884–85.

In the following section of the work, the cities, villages and post-offices of Indiana are arranged in alphabetical order, and a description is given of each place, with an alphabetical list of all persons doing business therein. In all the larger places the names have been procured by personal canvass, but in the smaller, they have been furnished by postmasters. Great care has been taken to insure correctness, as well as completeness.

AARON. Settled in 1870; is located in Pleasant township, Switzerland county, 12 miles northwest of Vevay, the county seat and shipping point. The village contains 60 inhabitants, a Methodist church and one saw mill. C G Adams, postmaster.

Adams C G, General Store.
Adams A C Jr, harnessmkr.
Buchanan H H, cabinetmkr.
Johnson Abraham, carpenter.
Johnson S R, saw mill.
Miles Jeffrey, blacksmith.
Smith G W, carpenter.
Smith I M & Son, Saw and Corn Mill.
Thieband C O, express agt.

ABINGTON. Located on east fork of White River, in township of same name, Wayne county, 9 miles southwest of Richmond, the county seat, usual place of shipment and banking town. Daily stage to Liberty; fare, 50c; and Richmond, fare, 50c. Benjamin J Hunt, postmaster.

Duke J A, shoemkr.
Dye Elijah, broom mnfr.
Dye John, hotel.
Dye J S, grocer.
Greene G W, patternmkr.
Greene & Roby, iron fence mnfrs.
Gubele Harrison, physician.
Haynes J N, carpenter.
Holler Gabriel, carpenter.
Hunt Benjamin J, Township Trustee.
Karch Abraham, flour mill.
Mitchell Moses, blacksmith.
Picket J, wagonmkr.
Robbins J F, justice of the peace.
Shimer Bert, General Store.
Stephens Thomas B, blacksmith.
Swallow James E, physician.
Weber Bros, painters.
Weber Harrison, painter.
Weber Wm, furs, etc.
Williams Jasper, barber and restaurant.
Williams John, blacksmith.
Woodyard & Stevens, saw mill.
Wyrick & Davis, stone masons.

ABOITE. Is a station on the W St L & P Ry, in Lafayette township, Allen county, 11 miles southwest of Fort Wayne, the county seat and banking town. It has a population of 36. Jacob Hill, postmaster, grocer and R R agt.

ACADEMY. Known formerly as Academic, derives its name from the Academy of Our Lady of the Sacred Heart, a most excellent college, conducted by the Sisters of the Holy Cross. This institution has gained a reputation for being first-class in all its branches, and while this is a foregone fact, its prices are as low as can be found in similar colleges of lesser note.

C. BRADFORD, SOLICITOR OF PATENTS, INDIANAPOLIS, IND. Especial attention paid to complicated and difficult cases, Reissues, Interferences, etc. References given if desired. ☞ Call or write for information. (*See adv.*)

ANDERSON. This handsome commercial and manufacturing city of 5,000 inhabitants, the county seat of Madison county, is located on the west fork of White river, and C C C & I, C W & M, C St L & P, and C I & St L R R, 36 miles northeast of Indianapolis and 119 northwest of Cincinnati. A settlement was formed here in 1822, and in 1828 it was made the county seat in place of Pendleton. Anderson has had a healthy growth, and for its size is one of the most progressive cities in the state. It has all modern conveniences, such as gas works, fire department, electric light, telephone exchange, an elegant new opera house erected at a cost of $70,000, with a seating capacity of 900, several fine churches, good public schools, a public library, handsome court house recently erected at a cost of $175,000, and a new jail costing $21,000. The city is handsome in appearance, being noted for substantial business blocks and fine residences. It has 4 hotels, 3 banks and 3 newspapers, the last mentioned comprise the *Evening Star* (daily) and the *Review-Democrat* and *Herald*, issued weekly. The industries in manufacture are steadily on the increase, and now comprise 3 heading factories with an annual capacity of 3,000,000, 1 grain cradle factory, 1 tannery, 2 furniture factories, 1 foundry, gauge cock works, pump factory, 2 planing mills, a hub and spoke factory, boiler feeder works, 1 shoe factory, brick yard, bentwood works, 2 flour mills, 1 brewery, and 3 saw mills. Stage leaves daily for Markleville and Perkinsville. Ex, Adams and U S, Tel W U. Stephen Metcalf, postmaster.

ANDREWS. This prosperous, growing town of 2,000 inhabitants is located on the W St L & P R R, in Dallas township, Huntington county, 6 miles southwest of Huntington court house, the banking town, 31 west of Fort Wayne and 100 north of Indianapolis. At was formerly known as Antioch, the name being changed in 1882, when the Wabash road made it the terminus of two divisions and erected repair shops and a round house at a cost of $300,000. Andrews is a live, progressive, incorporated town, supplied with 3 churches, 2 large brick school buildings, good hotels and a weekly newspaper—*Express.* The principal manufacturing establishments include 2 saw mills, stave and shingle factory, novelty works and 1 flour mill. Grain, live stock, staves, lumber, shingles and wagon material, are the chief exports. Ex, Pacific. F M Cole, postmaster.

The city has increased very rapidly in commerce within the last two years, and several new business houses have recently been erected, prominent among which is the Bliss House, a model specimen of architecture and a credit to the city. It has good county buildings, many fine residences, and is supplied with a public library, 5 churches, a large graded school building, an opera house with a seating capacity of 500, 1 bank and 3 hotels. The press is represented by the *Herald*, daily and weekly, and the *Chronicle*, *Times* and *Banner* issued weekly only. Prominent among its manufactories are 3 flour mills, pump factory, 2 foundries, flax mill, 2 stave factories, 4 saw mills, pork house, 2 planing mills, bentwood factory, washing machine and corn planter works. Grain, lumber and live stock are extensively exported. U S and Am Ex. W U Tel. S J Kelly, postmaster.

COLUMBUS. This important commercial city of 6,000 inhabitants, the county seat of Bartholomew county, is located on main line of the J M & I R R at the terminus of Madison and Rushville branches of same road, 41 miles south of Indianapolis and 69 north of Louisville. This is a handsome, well-built city, surrounded by one of the most fertile wheat-growing districts in the State. It is laid out in wide streets, has excellent county buildings, fine business blocks, handsome residences, and its very appearance denotes prosperity and wealth. The city has gas and water works, a well equipped and officered fire department, numerous handsome church edifices, 2 graded schools, 4 hotels, telephone exchange, an opera house, and 2 banks. The press is represented by the *Democrat* and *Republican*, both of which are issued daily and weekly. Its manufactories rank among the first in the State, and include 3 flour mills, 2 machine shops, carriage factory, 2 planing mills, foundry, furniture factory, tannery, stave factory, creamery, starch factory, hominy mills, 2 cooper shops and a pump factory. White river receives both Haw and Flat Rock creeks at or near the city. Ex, Adams. Tel, W U. Isaac T Brown, postmaster.

and a general metropolitan appearance, which so impresses a stranger, as its every appearance is one of prosperity and wealth. It is laid out in broad streets, which are kept in an excellent condition and lined with shade trees; has gas and water works, an efficient fire department, telephone exchange, and a court house that is a credit to the city and county. The religious and educational advantages here are unexcelled. 9 handsome church edifices, representing the following denominations, Methodist, Baptist, Episcopal Presbyterian, Catholic and Christian, testify to the highly moral, intelligent class of society of the city. The Wabash College is one of the most noted institutions of learning to be found in the State, and this, with good graded schools, comprise its educational facilities. Other prominent features here are 5 hotels, an opera house and 3 banks. The press is represented by the *Argus* and *News*, dailies; *Star*, *Journal* and *Review*, issued weekly, and the *Wabash* and *Lariat*, monthly publications.

The manufacturing establishments of Crawfordsville are among the most prominent in the State, and include 3 flour mills, heading factory, 2 planing mills, carriage body factory, 2 foundries, 3 carriage factories, brewery, straw stacker works, coffin factory, wind pump works, cooper shop, hay fork works, saw mill, wire fence factory, and extensive machine shops. The fertile agricultural district surrounding the city is well adapted to grazing and grain. Ex, Am, U S, and L N A & C. Tel, W U.

J. S OSBORNE,
Tutor.

The College Year is divided into THREE TERMS: The First Term opens Sept. 10, 1884; the Second Jan. 7, 1885, and the Third March 30, 1885.

CRAWFORDSVILLE

is at the junction of the L., N. A. & C. R. R., the I., B. & W. R. R., and the T. H. & I. R. R., and is easily reached by several daily trains. The College Buildings are in the midst of a very beautiful and capacious campus. The courses of instruction are such as are found in our best Colleges, including Latin, Greek, German and French, the pure and applied Mathematics, Natural Philosophy, Astronomy, Drawing, Chemistry, Geology, Botany, Zoology, Mineralogy, etc. Peck Scientific Hall furnishes elegant Lecture Rooms and Laboratories for practice in Chemistry, Physics, Mineralogy, etc. The Library and Cabinet are both very rich in books and specimens.

TUITION

Preparatory Department, per Term,	**$7.00**
Tuition in College Classes,	**10.00**
Incidental Fee, per Term,	**3.00**

☞ Preparatory Department furnishes instruction in all Classical and English Studies taught in our best Academies. Classical Course occupies two years, and is arranged with special reference to a thorough preparation of young men for the regular College Course.

English and Mercantile Course.—In this Course classes will be organized each term in the year. To these classes young men will be admitted at any time according to their standing.

DANVILLE. This progressive town of 2,000 inhabitants, the judicial seat of Hendricks county, is located on the I & St L Ry, 19 miles west of Indianapolis and 53 east of Terre Haute. Danville has a delightful location on high ground, quite undulating, and no town in the State is better drained or more healthy. It is a well built town, supplied with 6 churches—Methodist, Presbyterian, Christian, Friends and Baptist—1 graded school, 1 hotel, 2 banks, and the Central Normal College, an educational institution of great merit. The town has real and personal property (1883 assessment) aggregating $555,118. 3 newspapers are published, known as the *Republican* and *Gazette*, weekly publications, and the *Normal Teacher*, issued monthly. The industries in manufacture comprise 2 saw mills, tannery, flour mill, brick yard and tile works. Ex, Am. Tel, W U. Albert Kennedy, postmaster.

DECATUR. The county seat of Adams county, is a growing incorporated town of 2,500 inhabitants, located on the St Mary's river and T C & St L and G R & I R R's, 21 miles south of Ft Wayne, 138 northeast of Indianapolis and 70 north of Richmond. Decatur is a prosperous commercial and manufacturing town, supplied with good county buildings, handsome churches, good graded schools, 2 banks and 2 weekly newspapers—the *Democrat* and *Journal.* The Burt House is the most popular of its 3 hotels, and is beyond doubt one of the best hotels in northern Indiana. Dick C Townsend, the genial host, is too well known to need any praise. The manufacturing establishments located here include 3 saw mills, 2 stirrup factories, tile yard, 3 flour mills, an iron foundry, 3 stave factories and 2 planing mills. Grain, lumber, live stock and staves are the chief exports. Ex, U S and Am. Tel, W U. Shaffer Peterson, postmaster.

Harrison R, shoemkr.
Hickey A S, flour mill.
Long James, wagonmkr.
Nickey A S, physician.
Tomlinson J C, blacksmith.

ELKHART. This important manufacturing and commercial city of 9,000 inhabitants is located on the St Joseph and Elkhart rivers and L S & M S and C W & M Rys, in Concord township, Elkhart county, 10 miles northwest of Goshen court house, 65 northwest of Fort Wayne, 101 east of Chicago and 157 northeast of Indianapolis.

This is essentially a manufacturing town, and ranks foremost among towns of like size in the State. The manufactories here are both numerous and extensive, comprising 4 paper mills, 2 knit goods factories, paper pail works, straw-board mill, band instrument works, 2 planing mills, machine shops, saw mill, 2 starch factories, 1 foundry, 5 flour mills, 1 box factory, and the L S & M S shops, employing some 400 hands. There is no point in the State that offers greater inducements to manufacturers than Elkhart, as it has abundant water power, excellent transportation facilities, a central location, low rate of taxation and all modern conveniences found in much larger cities.

Elkhart is a handsome, well-built city, supplied with gas and water works, electric light, a well-equipped fire department, several fine churches, 1 high and 5 ward schools—employing in the aggregate 30 teachers—with an enrollment of 1,400 scholars, an opera house with a seating capacity of 600, 7 hotels and 3 banks. The press is represented by the *Journal* and *Review*, issued daily and weekly, the *Democratic Sentinel*, published weekly only, and several religious sheets.

The assessed value of real and personal property aggregates $2,500,000, while the bonded debt only amounts to $16,000, showing a very healthy financial condition.

EVANSVILLE. The second city in commerce, manufacture and population in the State, is the judicial seat of Vanderburgh county, located on the Ohio river, upon an elevated site, above the highest waters ever known in the Ohio. It has grown steadily from infancy, in 1836, to the present population of 35,000. While Evansville has not made the rapid strides of some of our western cities, the growth has been gradual and improvements substantial. It is surrounded by a rich agricultural district and situated in the midst of a coal field wherein a number of mines are operated that furnish cheaper fuel for manufacturing and other purposes than any other city can boast of.

Evansville can also lay claim to being the largest hardwood lumber market in the State. The city is rapidly on the increase in every respect, and is destined to become the center of the largest manufacturing district in Indiana.

TRANSPORTATION FACILITIES.

The Ohio river and its tributaries, Green, Wabash, Cumberland and Tennessee, are well supplied with packets that transport the pruducts of these sections and distribute them in this great manufacturing center. The railroads centering here are the Evansville and Chicago, Peoria, Decatur and Evansville, St Louis and Southeastern, Evansville, Henderson and Nashville, Evansville and Indianapolis Straight Line, and Louisville, Evansville and St Louis. These roads tap every desirable section of the country, affording ready and cheap transit for the immense manufactured products of the city.

GENERAL FEATURES.

Evansville is a handsome, well-built city. Her pride is the large number of elegant churches and substantial educational institutions. Of the latter there are several graded ward and high schools, 1 business college and a number of private and denominational schools. The fire department is well equipped and supplied with telegraph fire alarm. The city is lighted with gas and electric light; has street railway, good water works, 3 public libraries, St Mary's Hospital, fine opera house, board of trade, stock yards, custom house, telephone exchange, Belt R R, 4 cemeteries, good hotels, and, in fact, every modern convenience found in cities of much larger size. There are in all 7 banking institutions—5 national, 1 private and 1 savings—with capital and surplus aggregating nearly $3,000,000. These are among the stannchest institutions in the country, and enjoy the confidence of the entire business community.

The Press is represented by 6 daily, 1 tri-weekly and 8 weekly publications. The *Courier*, *Demokrat*, *Tribune* and *Union-News* are issued both daily and weekly, the *Journal* has a daily, tri-weekly and weekly edition, while the *Argus*, *Bulletin* and *Indiana Post* are published weekly.

MANUFACTURE AND COMMERCE.

As a manufacturing city, Evansville has but few equals and no superior. Her manufactories are numerous and upon a large scale and all doing a prosperous business. The principal branch is the manufacture of furniture; 7 large factories are operated, employing a large number of hands and representing over $1,000,000 capital. The lumber trade is next in importance, 15 saw and 5 planing mills are engaged in this branch. Its other manufactured products include plows, leather, pottery ware, woolen goods, staves and heading, flour, stoves, beer, barrels, brass goods, iron castings, brick, boots and shoe uppers, agricultural implements, washboards, boxes, carriages, tools, boilers, engines, steam pumps, machinery of nearly every description, whips, soap, hominy, architectural iron work, sails, white lead, overalls, bagging, coffins, mattresses, vinegar, cotton goods and brooms.

The city enjoys a large commercial business, having every line of merchandise fully represented by wholesale and retail houses, whose sales range from $50,000 to $1,000,000 annually. It has a mild and pleasant climate, beautiful location and a business community that are noted for thrift and hospitality. Ex, Adams, Southern and Pacific. Tel, W. U. Albert Thayer, postmaster.

Fitton's Specialty Chair Works!

EVANSVILLE, IND.,

—MANUFACTURERS OF—

Double Cane and Rattan Chairs & Rockers.

:o:

We make only a special line of goods, and can guarantee the very best goods and lowest prices. Close figures to jobbers. All our light goods are made from pure Maple and varnished. Our dark chairs are made of White Oak painted (not stained) with two coats and varnished with pure Turpentine Varnish.

We are the exclusive owner of the Aker's Patent "Knock-Down" Double Cane Chair, which is conceded to be the only K. D. chair which, after being set up, is as strong as chairs manufactured set up.

We solicit a sample lot. Write for Catalogue.

Very Respectfully, F. O. FITTON,
Evansville, Ind.

FORT WAYNE. The third city in population and the second in manufacture in the State, is located in the center of Allen county, of which it is the judical seat, 148 miles from Chicago, 135 from Indianapolis, 94 from Toledo, and 342 from St Louis. It is the chief commercial city of Northern Indiana, and for its size the most extensive manufacturing center in the country. The location is all that could be desired, being pleasantly situated at the head of the Maumee river and on the St Joseph at its confluence with the St Marys river, giving it an immense water power, which is utilized for manufacturing purposes by means of canals which are lined with mills, factories, etc. The city has a population of 32,000, and is rapidly increasing in commerce, manufacture and wealth.

TRANSPORTATION FACILITIES

of Fort Wayne are second only to Indianapolis in the State. The 6 lines of roads centering here are the Wabash, St Louis and Pacific main line, that has nearly 10,000 miles of road under control, giving it unbroken connection with nearly all western roads. Next in importance in the Pittsburgh, Fort Wayne and Chicago, with extensive repair shops and large car and machine shops under course of construction. The Grand Rapids and Indiana, popularly known as the "Fishing Line," with its leased lines, is the most important North and South road in the State. The Fort Wayne, Cincinnati and Louisville line make this its northern terminus, with repair shops and general offices. The Fort Wayne, Jackson and Saginaw, operated by the Lake Shore and Michigan Southern, has its southern terminus here, and the New York, Chicago and St Louis "Nickle Plate," the latest addition, having an elegant freight and passenger station within two squares of the court house.

MANUFACTURES.

Fort Wayne has some of the most important manufacturing establishments in the United States. Prominent among them are Bass Foundry and Machine Works, Peters Box and Lumber Co, Horton Manufacturing Co, Ft Wayne Organ Co, and the S Pennock & Sons Co road scraper salesrooms. The Peters Box and Lumber Co is one of the most important works in the city, and gives employment to a large number of hands. The firm of S Pennock & Sons Co, with an extensive manufactory at Kennett Square, Pa, have an established branch here for the sale of their well known road machines, which are too well introduced and appreciated to need recommendation in a work of this kind. The Horton Manufacturing Co are extensive manufacturers of washing machines, corn planters and wooden novelties. In addition to these, there are a number of minor establishments engaged in the manufacture of furniture, organs, band-saw mills, truss hoops, mattresses, earthenware, leather, pumps, han-

dles, carriages, barrels, gas apparatus and machinery, kegs, linseed oil, plows, crackers, iron castings, sash, doors and blinds, beer, stoves, flour, grain cradles, lumber, files, stirrups, potash, wagons, brushes, woolen goods, wheels, staves, horse collars, soap, pork, carriages, overalls, mineral water, engines and boilers. New establishments are rapidly starting up, and each year brings about enlargements of many of the established institutions. All are in a prosperous condition and the majority are running on full time.

RELIGIOUS AND EDUCATIONAL.

Fort Wayne has a large number of handsome church edifices, which add greatly to the appearance of the city, and are an index to the highly moral and religious class of its inhabitants. Here are some of the most excellent educational institutions in the State; in addition to a high school and several graded ward schools, it is the location of the Ft Wayne College, Concordia College, Ft Wayne College of Medicine, St Augustine Academy, a business college, musical conservatory, and several private and denominational schools. The Academy of Our Lady of the Sacred Heart, located at Academy, 6 miles northeast of the city, is also reckoned as a Fort Wayne institution; it is conducted by the Sisters of the Holy Cross, and stands foremost among the institutes of learning in the State.

THE PRESS

Is represented by the *Sentinel*, *News*, *Gazette*, *Journal*, and *Staats Zeitung*, dailies, and the *Dispatch*, *News*, *Journal*, *Sentinel*, *Staats Zeitung* and *Gazette*, issued weekly. These are in the main ably edited, and wield a strong influence throughout Indiana and surrounding States.

AS A CITY

Fort Wayne is second to none of its size in handsome appearance and general activity and thrift. It is a well-built city, with broad, clean streets, substantial business blocks, excellent water works, a well organized fire department, equipped with 3 engines, 3 hose carts, a hook and ladder truck, and fire alarm telegraph, telephone exchange, street railway, several good hotels, and is lighted with gas and electric light.

The financial and fiduciary interests of the city are represented by 4 banks—1 private and 4 national. Among the recent improvements here is the new Masonic Temple, new Temple Theatre, and a fine hotel. The city has great private wealth, is in a good financial condition, the location is a very healthy and central one, and its citizens are industrious, enterprising and liberal. The Adams, Am, U S and Pacific Ex, and W U Tel Cos have offices here. Fred W Keil, postmaster.

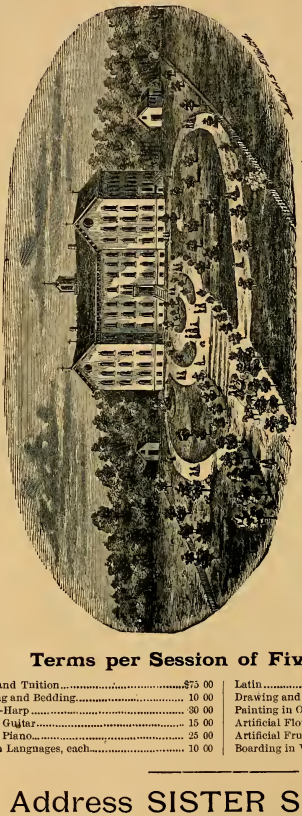
ACADEMY OF OUR LADY OF THE SACRED HEART,

Near Fort Wayne, Allen County, Ind.

CONDUCTED BY THE SISTERS OF THE HOLY CROSS.



THE ABOVE INSTITUTION, most eligibly situated, six miles from the city of Fort Wayne, offers particular advantages to persons desiring to acquire a solid, useful and ornamental education. It is easy of access, one mile east of the Academy Station, which is twenty minutes' ride from the city, on the Ft. Wayne & Jackson Railroad. At the Academy Station, Omnibuses are always in readiness to convey Passengers to and from the Academy. The English course is thorough, including, besides Elementary Branches, Botany, Astronomy, Chemistry, the Higher Mathematics, Belles Lettres, etc. The **French Language** is taught by competent natives of France, and spoken in the Institution, being the language of Polite Society. Particular attention is paid to **Music**. Catholic pupils are required (only for the sake of uniformity) to assist at the public exercises with propriety and decorum. No uniform necessary. Letters sent and received, subject to inspection. **Payment required half-yearly in advance.** Books and Fancy Work, Wax Work, Crochet Work, Embroidery, Painting, Drawing, Music, Dancing, Gymnastics, etc., are extra charges. Pupils are required to furnish the following articles: 1 silver goblet; 1 dressing gown; 2 black aprons; 4 changes of linen; summer and winter balmoral. Great expense, in this institution, is not a necessary attendant upon a thorough education, the terms being placed at a rate which, it is hoped, will prove a welcome one to the parents of moderate means. The Academy Year consists of two sessions of five months each, the public distribution of premiums at the end of the scholastic year, are among the many means in use for exciting a laudable emulation. Love of intellectual pleasures, as well as easy, graceful deportment, is cultivated by weekly entertainments, consisting of Music, Readings, Declamations, etc., held in the Academy.

Terms per Session of Five Months:

Board and Tuition	$75 00	Latin	$15 00
Washing and Bedding	10 00	Drawing and Painting in Water Colors	10 00
Music—Harp	30 00	Painting in Oil	20 00
" Guitar	15 00	Artificial Flower Lessons	12 00
" Piano	25 00	Artificial Fruit and Leather Work	12 00
Modern Languages, each	10 00	Boarding in Vacation, two months	25 00

FRANKLIN. The county seat of Johnson county, is a prosperous incorporated town of 4000 inhabitants, located at the crossing of the J M & I and F F & M R Rs, 21 miles south of Indianapolis, and 89 north of Louisville. It is surrounded by one of the most fertile farming districts in the State, and enjoys a healthy growing trade. The county buildings here are very fine, and its residences and business blocks rather above the standard. Franklin is lighted with gas, has 8 churches, 2 graded school buildings, a college, 4 hotels, an opera house and two banks. The press is represented by the *Democrat* and *Jeffersonian* issued both daily and weekly. The chief manufactories here are 2 planing mills, pump factory, foundry, 2 flour mills, brick yard, saw mill, binder truck works, cooper shop, tannery and wagon works. Ex, Am and Adams. Tel, W U. GOSHEN. This important manufacturing city of 5,000 inhabitants, the judicial seat of Elkhart county, is situated on the Elkhart river, at crossing of C W & M and Air Line Div L S & M S R Rs, 110 miles east of Fort Wayne, 160 north of Indianapolis and 24 southeast of South Bend. Goshen is a handsome city, supplied with gas and water works, electric light, a fire department equipped with 1 hand engine, 4 hose reels and a hook and ladder truck; an opera house, with a seating capacity of 1,100; telephone exchange, 4 hotels and 3 banks. The religious and educational interests are represented by 11 churches of various denominations and 4 graded schools. This, for its size, is probably the most extensive manufacturing city in the State, having 3 flour mills, 4 furniture factories, linseed oil mill, iron works, stave factory, woolen mill, foundry, wind mill works, 2 saw mills, chair factory, 2 planing mills, table factory and several pump factories. A portion of the above derive power from the Elkhart river. 5 newspapes are published—the *Democrat, News, Gospel Banner, Times* and *Evangelium Panier.* This is one of the most eligible points in the State for manufacturing, as it has a central location, good water power, healthy climate and excellent facilities for transportation. GREENCASTLE. A handsome and important city of 5,000 inhabitants, situated nearly in the center of Putnam county, of which it is the judicial seat, 39 miles west of Indianapolis, 33 east of Terre Haute, and 140 north of Louisville. Its transportation facilities comprise 3 railroads—the St L V T H & I, I & St L and L N A & C—thus giving it ample facilities for marketing its manufactured and agricultural products. Greencastle offers every inducement for the location of new manufactories, having a healthful and central location, cheap facilities for transportation, and is within 15 miles of the vast coal fields of Indiana. Its industries in that line now include 3 saw mills, a cooper shop, spoke factory, foundry, stave factory, nail works, woolen mill, pump factory, 2 flour mills, lightning rod works, stone quarries, and several carriage factories. This city can well boast of her educational facilities, for, in addition to 3 graded schools and a female seminary, it is the location of the renowned De Pauw University, an educational institution that has no superior west of the Alleghenies. Greencastle is a well built city, supplied with handsome residences, good business blocks, gas works, several handsome churches, street railway, an efficient fire department equipped with 1 steam engine and a hook and ladder truck, telephone exchange, an opera house with seating capacity of 800, 4 hotels and 2 national banks. The assessed value of the real and personal property for 1884 aggregates $2,187,700. 4 weekly newspapers are published—the *Star-Press, Times, Putnam Democrat* and *Banner*. The agricultural district surrounding the city is very productive and the location of some of the finest farms in Indiana. Ex, Adams and Am. Tel, W U.

GREENFIELD. A growing town of 1,800 inhabitants, the county seat of Hancock county, is located on the C St L & P Ry, 20 miles east of Indianapolis, and 48 west of Richmond. This is a pleasantly located, well built town, supplied with good county buildings, Methodist, Presbyterian, Christian and Catholic churches, 2 graded schools, an opera house, 3 banks and 1 hotel. The assessed value of real and personal property is $916,850, while the entire bonded debt amounts to only $1,500. The press is represented by the following papers: *Hancock Democrat, Hancock Jeffersonian* and *Greenfield Republican*, issued weekly; the *Medical Examiner* and *Home and School Visitor*, monthly publications. The principal manufactories operated here include 2 planing mills, a foundry, school desk factory, 1 flour mill and 2 saw mills. Lumber, grain and live stock are the principal shipments. Adams Ex. HUNTINGTON. This important commercial and manufacturing city of 6000 inhabitants, the county seat of Huntington county, is located on the Wabash river, and C & A and W St L & P R Rys, 118 miles from Toledo, 105 from Indianapolis, and 318 from St. Louis.

This for its size is the most progressive city in Northern Indiana, and has great natural wealth, consisting of immense limestone deposits, from which is manufactured a superior quality of lime; in this branch over 300 hands are employed. The C & A Ry Co have erected large repair shops and round house here, which give employment to a large number of hands. Each year brings about additions to the established manufactories here, and new factories are constantly being opened. The chief industries in manufacture now comprise 2 flour mills, pump factory, brewery, stave works, 4 saw mills, 3 foundries, 3 planing mills, cooper shop, flax bagging factory, 2 bentwood works, handle factory, 2 furniture factories, heading factory, plow works and several lime kilns. Several extensive grain elevators are in operation. The grain trade here has become one of great importance.

Huntington was settled in 1833 by Gen John Tipton, and was formerly known as Flint Springs. It is to-day a handsome town supplied with all modern conveniences, such as gas and water works, a well-equipped fire department, fine opera house with a seating capacity of 1,000, 2 graded school buildings, several churches, excellent county buildings, substantial business blocks, 3 hotels and 2 banks. The press of Huntington is above the average, including the following papers: *Evening Herald* and *News*, issued

INDIANAPOLIS.

The capital of Indiana, and the judicial seat of Marion county, is the largest and chief commercial city of the State, located on west fork of White river, 115 miles from Cincinnati, 240 from St Louis, 195 from Chicago and 825 from New York. It was made the seat of government in 1820, platted in 1821, and occupied as the State Capital in 1824. The growth of the city is shown by the following comparative table:

1822	500
1825	1,066
1840	2,692
1850	8,091
1860	18,611
1870	48,244
1880	75,077
1884, estimated	90,000

INDIANAPOLIS AS A BUSINESS AND MANUFACTURING CENTRE.

The city is located in the center of the very best agricultural district in the United States. It is adjacent to the second best coal fields in the country. The area of the coal fields of Indiana is over 6,000 square miles in extent and the quality for general purposes is not surpassed. The forests in a circuit of 200 miles surrounding the city have in the past 10 years supplied one-half the walnut timber for the balance of the United States. While this supply is, to a certain extent, becoming exhausted, the oak, hickory, ash, hard maple and gum, is becoming the source of immense revenue. An inexhaustible supply of the best building stone in the country is within easy reach. In point of beauty and durability the Indiana stone is acknowledged to be the very best produced, and in quantity there is sufficient to last for hundreds of years.

The city is the largest inland town in the U S; it is the nucleus of a railroad system which has few equals and no superiors; it has a central location, is a pleasant residence town, has a healthful climate; the tables of mortality show that for twenty

ARCTIC ICE MACHINE MFG. CO.
For Brewers and Packers. (See adv., opp. Brewers, in Classified.)

years past Indianapolis has been one of the healthiest cities on the continent. The sewerage is most excellent, taxes are lower than most cities of equal population, the debt of the city proper being less than two million dollars, the social advantages in all respects pleasant and inviting.

TRANSPORTATION.

Indianapolis has gained the reputation of being one of the largest railroad centers in the United States. It now has 14 roads, with others under contemplation which will be built in the near future. They are known as the Cincinnati, Hamilton & Indianapolis Ry, to Cincinnati, 123 miles; Cincinnati, Indianapolis, St Louis & Chicago Ry, from Cincinnati to Indianapolis, 115 miles, and from Indianapolis to Kankakee, Ill, 139 miles; the Cleveland, Columbus, Cincinnati & Indianapolis Ry, to Cleveland, 283 miles; the Indiana, Bloomington & Western Ry, Peoria Division, to Peoria, 212 miles; Eastern Division, to Springfield, O, 142 miles; St Louis Division, to Decatur, Ill, 151 miles; the Indianapolis & St Louis R R, to St Louis, 261 miles, the Indianapolis & Vincennes R R, to Vincennss, 117 miles; the Jeffersonville, Madison & Indianapolis R R, to Louisville, 110 miles; Air Line division of the Louisville, New Albany & Chicago Ry, to Chicago, 190 miles; the Chicago, St Louis & Pittsburgh Ry, to Columbus, O, 188 miles; the St Louis, Vandalia, Terre Haute & Indianapolis R R, to St Louis, 238 miles; the Wabash, St Louis & Pacific, to Michigan City, 161 miles; to Detroit, 281 miles, and the Belt R R & Stock Yard Company, which nearly surrounds the city, and by which all through traffic is transferred without blocking the streets of the city.

MANUFACTURES.

The manufacturing interests of the city of Indianapolis, for the past year, have been unusually prosperous. There has been an increase in the number of establishments, and large additions have also been made to the value and capacity of existing factories. Those which have been carrying indebtedness since the panic have been enabled to free themselves from debt, and it is gratifying to report that there has been no failures.

While little noise or stir has been made about it, several million dollars have been added to the capital invested in manufacturing in Indianapolis in the past year.

As per report of W. A. Peelle, Jr, Chief of the Bureau of Statistics for the year ending December 31st, 1883, the following is a condensed summary:

Number of Establishments.....	315
Capital Invested.....	$ 8,686,500
Value of Material	20,100,000
Value of Manuf'r'ed products...	32,186,000
Average Number of Hands employed.....	986

FINANCIAL STATEMENT.

As per report of the City Clerk, made for the year ending May 31, 1884, the bonded indebedness of the city was as follows:

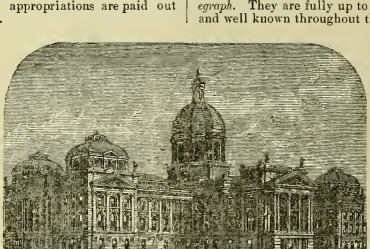
Agricultural Machinery	1,450,000	1,800,000

NEWSPAPERS.

The press is represented by 40 publications, as follows: 6 daily, 20 weekly, 2 semi-monthly and 12 monthly papers. The daily sheets are known as the *News*, *Indiana Tribune*, *Sentinel*, *Journal*, *Times* and *Telegraph*. They are fully up to the standard and well known throughout the west.



INDIANA STATE HOUSE.

COMMERCE.

The average increase of the wholesale trade of 1884 over 1882, in this city, was about 10 per cent. The increase in each line of trade is well represented in the following aggregate of the wholesale trade for the years named:

	1883.	1884.
Dry Goods	$6,000,000	$7,000,000
Groceries	5,550,000	6,800,000
Hardware and Iron	2,200,000	2,550,000
Drugs, Paints, Oils, etc	1,950,000	2,500,000
Boots and Shoes	1,400,000	1,875,000
Queensware	650,000	800,000
Hats and Caps	250,000	485,000
Toys and Fancy Goods	500,000	625,000
Confectionery	500,000	640,000
Coffee and Spices	175,000	180,000
Clothing	370,000	480,000
Millinery	600,000	775,000

EDUCATIONAL AND RELIGIOUS.

This, the city of churches, has probably no equal in number of, and handsome church edifices. There are in all 87, representing every religious society known in the United States. It has the best of educational advantages. The Board of School Commissioners, composed of 11 members, has control of the public schools, which are 27 in number, including the high school. In addition to the city schools, there are a number of private and classical schools and academies, and a good business college.

The public library is located at the corner of Pennsylvania and Ohio streets and contains 37,000 volumes.

PUBLIC PROPERTY.

The value of public property of the city is as follows:

J. H. CURRAN { HAND ELEVATORS, 135 West Second St., - - CINCINNATI.

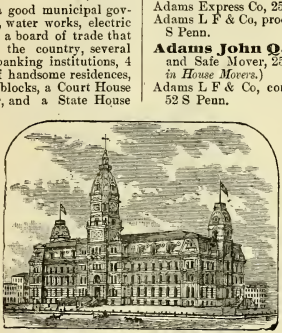
Indianapolis has a good municipal government, gas works, water works, electric light, street railway, a board of trade that has no superior in the country, several good hotels, good banking institutions, 4 theatres, a number of handsome residences, substantial business blocks, a Court House that has no superior, and a State House



MARION COUNTY COURT HOUSE.

under course of construction, that when completed will be one of the finest buildings of its class in the United States. The building permits for the year ending December 31, 1883, amounted to 815; and from December 31, 1883, to September 1, 1884, aggregated 610. This is the most eligible point for the location of manufactories to be found in the United States, and any legitimate enterprise will meet with a hearty welcome and support. The Adams, Am, U S and Pacific Ex, and W U and B & O Tel Co, have offices here.

The Physio-Medical College

OF INDIANA,

28½ INDIANA AVENUE, INDIANAPOLIS.

GENERAL PRINCIPLES.—The College was organized and has been conducted in the interests of medical truth, as established in nature; the development and perpetuation of those grand and beautiful principles, which ever have for their object the conservation of the vital powers of the physical organization. It boldly accepts such truths as are unmistakably established, it matters not from what source they come. Science, truth, principle, are based upon immutable laws, and are unchangeable. To know the laws: to ascertain the principles governed by those laws and deport its teachings in accordance with the same, is the object of the college instruction.

JEFFERSONVILLE. One of the oldest cities in the state, is the county seat of Clark county, pleasantly located on an elevated river front, at head of the Falls of the Ohio, opposite Louisville, Ky, and 4 miles above New Albany. It is 108 miles south of Indianapolis, 50 from Madison by the river, and 110 from Evansville by rail. The J M & I, O & M, L E & St L and L N A & C R Rs, pass through the city, the first 2 having their yards and termini here, but with its excellent ferriage and one of the largest iron bridges in the world, spanning the rapids, it derives transportation facilities from the L & C, L & N, C S and C & O R Rs, which center in Louisville. It has one of the best public landings on the river. This is an important point in the location of state and government buildings, which include The Indiana State Prison South, and the U S Quartermasters Supply Depot. The latter is the chief central source of army supplies for the entire Union. The city contains 10,000 inhabitants, has a complete municipal government, is lighted by gas, has good water-works, a well organized fire department, 15 churches, an extensive school system, 2 national banks, and 5 hotels. The press is represented by 4 papers, and are known as the *News*, *Times* and *Gazette*, issued daily and weekly, and the *Democrat*, issued weekly. The assessed value of real and personal property, aggregates $2,500,000, and the bonded debt amounts to $391,702. It has several very extensive manufacturing establishments, prominent among which are the Ohio Falls Car Works, J M & I R R shops, 2 ship yards, large plate glass works, and numerous other mills, factories, etc, of lesser note. The county and city buildings are new and very commodious. Its location presents a fine view from the river, and through an appropriation of the National Government of $50,000, the city is placed beyond the reach of high water. Ex, Adams, Am and U S. Tel, W U. A M Luke, postmaster.

KENDALLVILLE. Is an important manufacturing city of 3,000 inhabitants, located at crossing of G R & I and L S & M S R Rs, in Wayne township, Noble county, 10 miles north of Albion, court house, 26 north of Ft Wayne, and 143 east of Chicago. This is a well built handsome city, supplied with 8 churches, graded and high schools, a well equipped fire department, national bank and 3 hotels. The press is represented by 3 weekly and 3 monthly papers, *News*, *Coming Times*, and *Standard*, are issued weekly. The *Assembly*, *Liberal Economist* and *Bee Keepers' Guide*, are monthly publications. The assessed value of real and personal property here amounts to $700,000. Kendallville is for its size the most important grain market in northern Indiana. The fertile agricultural district by which it is surrounded is particularly adopted to the growth of the cereals. The manufactories of this city are rapidly increasing in size and number, and it has become known as a great manufacturing center. The most prominent establishments include 2 planing mills, large wind mill works, 2 saw mills, handle factory, 2 flour mills, clothes rack factory, 2 cooper shops, tannery, refrigerator works, brewery, fishing lamp factory, brick yard, pump works, eave trough factory and tile works. These are running on full time, and the city is enjoying a harvest of prosperity. Ex, U S. Tel, W U. James Nellis, postmaster.

DESIGNERS, WOOD AND PHOTO ENGRAVERS,

31, 32 and 33 Old Sentinel Building, Indianapolis, Ind.

:o:

DESIGNS AND ESTIMATES CHEERFULLY FURNISHED ON APPLICATION.

To parties desiring Illustrations for any purpose, we would say that we are prepared to execute such work in the best manner, and that we require simply a photograph or sketch of, or access to, the article or object itself; or when original designs are wanted, as for book illustrations, book and catalogue covers, newspaper headings, etc., simply the idea of what is wanted. Our line of work embraces

Portraits, Buildings and Landscapes, Machinery of every description, Furniture, Stoves, Letters, Autographs, Newspaper Headings, Catalogue Covers, Etc., Etc.

PHOTO ENGRAVING.

To those whose experience with Photo Engraving has been unsatisfactory, we offer a method entirely distinctive from all others and claim to make superior plates.

By this process we can reproduce plates from wood cut, steel plate and lithographic prints, and reduce them, as well as catalogues and newspapers, to miniature size.

Extra Low Prices on Large Orders.

GENUINE HARTFORD BOOT and SHOE ARE SOLD ALL OVER THE UNITED STATES. Why? Because they wear better than any men's goods made. GEO. S. DWINNELL, Indianapolis.

Wheat Isaac H, general store.

KENTLAND. The county seat of Newton county, is located on the C St L & P Ry, 56 miles west of Logansport and 110 northeast of Indianapolis. Kentland has a population of 1,000 and supports 4 churches, Methodist, Christian, Presbyterian, and Catholic, a graded school of 6 departments, 3 hotels, 1 bank and a weekly newspaper—*Gazette.* A disastrous fire here on April 5, 1883, destroyed 26 of the most prominent business houses of the town and crippled business to a great extent. That it will recover its former business footing there is no doubt. The surrounding country is a fertile prairie, particularly adapted to the growth of hay and corn. Kentland carries a bonded debt of $6,000 and has real and personal property, assessed value, aggregating $300,000. Adams Ex. W U Tel. Wilson Beckner, postmaster.

KNIGHTSTOWN. Is an important manufacturing and commercial town of 2,000 inhabitants, located on Blue river and C St L & P Ry, in Wayne township, Henry county, 14 miles southwest of New Castle court house and 34 east of Indianapolis. A settlement was formed here in 1828, and while it has not had a rapid growth, the improvements made are substantial and the business community is noted for honesty and integrity. Knightstown is entirely free from debt, has substantial business houses, 7 churches, 1 academy, a graded school, an opera house with a seating capacity of 600, national bank, 2 hotels and a weekly newspaper—*Banner.* The Soldiers' Orphans' Home and Asylum for Feeble Minded Children are located 1½ miles south of the town. Blue river furnishes power for 4 flour mills, which, with 3 planing mills, brick yard, 2 saw mills, foundry, 2 tile works, pump factory and the extensive furniture factory of J A Pike comprise the prominent manufacturing establishments here. Flour, grain and live stock are the chief exports. Ex, Adams. Tel, W U. John E Keys, postmaster.

KOKOMO. This prosperous commercial city of 6,000 inhabitants, the county seat of Howard county, is situated on the I P & C Div W St L & P, K & F Div T C & St L, and C St L & P Rys, 54 miles north of Indianapolis, and 139 southeast of Chicago.

Kokomo, for its size, is probably the most progressive city in Indiana. It has wide streets, substantial business blocks, handsome residences, fine churches, good county buildings, and is supplied with gas works, a well-equipped fire department, telephone exchange, an opera house, 1 high and 2 graded schools, 3 banks, 6 hotels, and 3 large grain elevators. 3 newspapers are published here, the *Gazette*, issued daily and weekly, and the *Dispatch* and *Tribune*, weekly sheets. The chief industries in manufacture comprise 2 foundries, stave works, planing mill, cooper shop, 2 flour mills, excelsior works, 2 saw mills, furniture factory, tannery, pump factory, and tile works. It derives a good support from the fertile farming district by which surrounded. Ex, Am and U S, Tel, W U. Orlando A Somers, postmaster.

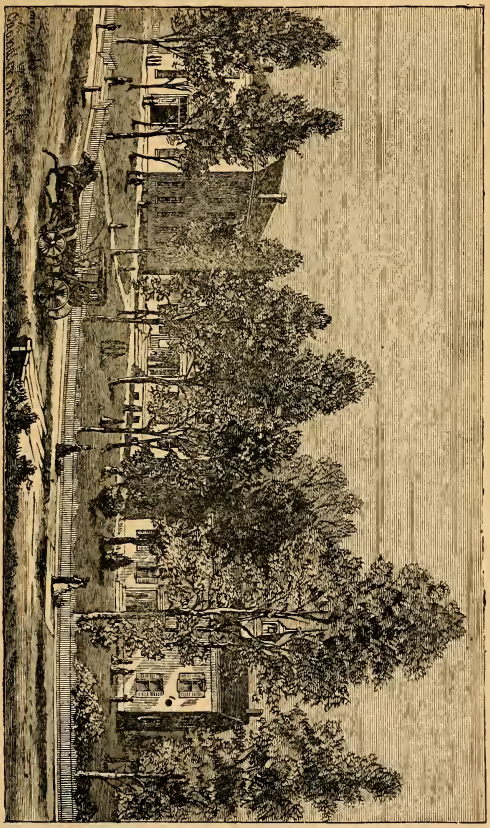
Central Indiana Normal School,

LADOGA, MONTGOMERY COUNTY, INDIANA.



A. F. KNOTTS, Principal.

☞ Before deciding where to attend School, read this circular carefully and compare the advantages with those offeged by other institutions. $26.00 in advance pays for Board, Room Rent and Tuition for One Term of ten weeks. [See next page.]

Central Indiana Normal School

AND

BUSINESS INSTITUTE,

LADOGA, Montgomery County, INDIANA.

Advantages found at the Normal.

1. There are no vacations during the entire year.

2 We have so many different grades that students can enter at any time, select their own studies, begin where they wish and advance as rapidly as they may desire.

3. There are Beginning, Advanced, Regular and Review Classes in all of the branches every term. They are organized, not at the beginning only, but at different periods during the term.

4. An opportunity of taking, without extra charge, one of the most thorough Commercial Courses offered by any school.

Central Indiana Business College.

Realizing that the great demand of the times is a thorough, practical business education, we would call particular attention to our Commercial Course.

The department is conducted on the Actual Business plan.

The graduate of this College can take a position in the Bank, Counting House, or any of the business establishments of to-day, and be able to enter at once upon his duties.

EXPENSES.

Tuition per term (this pays for all the departments),	**$8.00**
Good board per week,	**1.50**
Furnished rooms per week, 35 cents to	**.50**
Private board and well furnished room per week, $2.00 to	**2.25**
Club board per week,	**1.00**

$26.00 in advance pays for board, room rent and tuition for one term of ten weeks.

We guarantee that the expense shall not exceed the rates given. Whatever is above this will be paid by us. The School is open to visitors at all times, and a most cordial invitation is extended to parents, teachers and all interested in the cause of education, to visit the School and examine the work.

☞Write to us if you desire more particulars, and we will take pleasure in answering immediately.

A. F. KNOTTS, Principal.

LACROSSE. Is an 1884 postoffice in La Porte county.

LADOGA. Is a growing town of 1,500 inhabitants, situated on Raccoon creek and the L N A & C Ry, in Clark township, Montgomery county, 10 miles southeast of Crawfordsville, the county seat, and 50 from Indianapolis. Ladoga is quite a business center, and derives a large trade from the fertile agricultural country surrounding it. It has 5 churches—Baptist, Christian, Methodist, Dunkard and Presbyterian—good schools, 2 hotels, 1 bank, and a weekly newspaper—*Leader.*

The most prominent feature of the place is the Central Indiana Normal School, an educational institution that ranks formost among its class in the State.

Its industries in manufacture include 3 flour mills, tannery, 2 saw mills, woolen factory, planing mill, and carriage works. Flour, grain and live stock are the principal shipments. Ex, Am. Tel, W U. Edmond W Linn, postmaster.
Anderson, Grimes & Co, woolen mill.

LAFAYETTE. Is an important manufacturing and commercial city of 28,000 inhabitants, the county seat of Tippecanoe county, located on the Wabash river, W St L & P, C I St L & C, L N A & C and L E & W R's, 64 miles from Indianapolis, 131 from Chicago, 179 northwest of Cincinnati and 233 east of St Louis. This is the third city in population in the State and is the centre of a fertile agricultural district and an important commercial city. With a location that is unexcelled for manufacturing, it has excellent transportation facilities, is in close proximity to the great coal fields of Indiana and Illinois, a healthful climate, excellent educational and religious institutions and all modern conveniences found in much larger cities. Lafayette was incorporated a city in 1853 and is now a handsome, well-built town supplied with gas and water works, a good police force, well equipped fire department, street railway, electric light, telephone exchange, public library, business college, several good hotels and 6 banks.

The prominent public buildings here include a new Court House, erected at a cost of $500,000, the Purdue University, 25 church edifices, 5 public school buildings, an opera house and a number of fine business blocks. The Court House is an exceptional handsome building and is probably the finest specimen of architecture to be found in the State outside of Indianapolis.

This is one of the most extensive manufacturing towns in Indiana, its manufactories rank among the foremost in the country, and are being constantly enlarged, each year adds several new establishments to the already large list. The most prominent articles manufactured include paper, sugar, hominy, railroad cars, pumps, lumber, sash doors and blinds, iron castings, pumps, boots and shoes, leather, furniture, cooperage, agricultural implements, boilers, engines, beer, oil, soap, iron fence, wire goods, flour, carriages, cigars, brooms, plows, corn planters, and numerous others of lesser note. 3 large grain elevators, and 3 pork packing establishments are successfully operated. The Merchants' and Manufacturers' Exchange, incorporated under the State laws, has a membership of about 300, and receives daily market reports from all points in the United States. The press is represented by 4 daily and 8 weekly newspapers, these are in main live, progressive publications, and wield a strong influence throughout Indiana and Illinois. The city is in an excellent financial condition, has a low rate of taxation, and her citizens will welcome and support any legitimate manufacturing enterprise. The Pacific, U S, Am, and L N A & C Ex and Western Union Tel Cos, have offices here.

W. H. CORBALEY, ATTORNEY AT LAW, INDIANAPOLIS, IND. Fraley's Wire Broom Company,

S. P. FRALEY, Manager.

Dear Sirs: You will find, hereafter, that you simply stand in your own light if you don't insist on your Wholesale Grocer sending you **FRALEY'S WIRE-BOUND BROOMS,** as they cost you no more than the shoddy sewed broom, and the way they are made and put up they will give better satisfaction than any brooms you ever handled. Remember, don't let your runner pass without telling him to send you an order with your other goods, as the following Wholesale Grocers handle them direct from the factory; You run no risk of getting old stock, as we never have a chance to get ahead of our orders: O. W. PEIRCE & CO., C. C. ROBINSON, OWEN BALL & CO., BANGS & BROWN; in fact, all jobbers can get them for you, if you insist on having them. We place no runners on the road; we depend on mail orders and the jobbers.

Remember, our brooms are made by the best workmen, of the best material, and are put up in better style than any brooms made, and sold on smaller margin, because we sell more of them at less expense. Don't fail to order at once, and see for yourselves the style you get them in. Awaiting your orders, we are, Very Respectfully,

FRALEY'S WIRE BROOM CO.,

LAPORTE. A handsome city, of 9,133 inhabitants, the county seat of Laporte county, is located on L S & M S and I P & C Div W St L & P Rys, 148 miles northwest of Indianapolis, 59 southeast of Chicago and 12 southeast of Michigan City. This, for its size, is one of the most prosperous cities in the State. The surrounding agricultural district is very fertile, and in a high state of cultivation. The city has all modern conveniences, such as gas and water works, electric light, a well-equipped fire department, 2 opera houses, with a seating capacity of 600 and 1200 respectively, 4 banks and 3 hotels. Of the latter, the Teegarden house ranks first. Mr. J C Gilbert, the present proprietor, has a reputation as a hotel manager that is a sufficient recommendation.

Laporte carries a bonded debt of $82,000, and has real and personal property assessed value aggregating $2,500.000. Its religious and educational advantages are unexcelled, comprising 15 churches, of various denominations, 1 high and 6 graded schools, and the Holmes Short Hand Business College. The last mentioned is a well-conducted institution, and ranks foremost among its class in the State. The recent improvements here consist of a handsome new opera house, erected at a cost of $30,000, several new church buildings, business blocks and many fine residences. The press is represented by the *Herald-Chronicle*, *Argus* and *Journal*, weekly publications, and several religious monthly sheets.

Laporte is essentially a manufacturing town. Prominent among its establishments are 3 flour mills, chair factory, 2 foundries, wheel works, furniture factory, 2 woolen mills, pump factory, 2 cooper shops, brewery, water wheel works, planing mill, machine shops, plow works, carriage woodwork factory and the extensive works of M & J Rumely, manufacturers of engines, boilers, separators, corn-shellers, ice elevating machinery, etc. This firm has established a first-class reputation, and their machinery is favorably known all over the

WALL PAPER DEALERS,

ATTENTION!

—:o:—

MICHAEL'S

Fig. 1.

FOLDING

WALL PAPER RACK.

Patented December 8, 1882.

MICHAEL'S

Folding Wall Paper Rack!

Wall paper dealers can readily see at a glance the superiority of this rack over the old way of showing paper, there being no rolls to get soiled or torn. Fig. 1 represents the rack open and ready for use, displaying four feet of wall paper, or as much as would be shown from the roll. The samples are placed under a clamp, as shown in fig. 1, by means of which the upper edges of the paper are secured or bound. The two parts of the clamps are bound together by thumb screws, which pass through suitable slots in the clamp bar; the lower edge of the clamp bar is slightly curved on its clamping face so as to press the paper between at its middle, and slots at each end thereof. One of the slots is made long enough so the bar may be slipped out by loosening the thumb screw at one end only.

A covering of cloth curtains, which is secured at the upper ends by the clamp bars, always keeps the samples clean and free from dust. The curtains are provided with rings at the lower ends by means of which all articles on the display board may be lifted therefrom and thrown back on the table at once; there being no limit as to the amount of paper that can be placed on the rack. Samples are cut from the rolls without in any way affecting the sale of the full roll, which is a saving alone worth the price of the rack. All the joints are mortised together, and there being no machinery to get out of order it makes a durable rack that will last a lifetime. A jointed hinged brace extends horizontally between the legs and the display board. This brace is hinged at one end to the leg and the other end to the display board; and it is provided near its middle with a hinge, so that the leg and the display board may be pressed together, as indicated in fig. 2.

Fig. 2. The table is also arranged and closes in same manner. The mode of closing is by placing the hand on the upright bar and the foot on the cross bar, as shown in fig. 1, and pressing the rack together. The rack can be closed or opened with ease, and with an unlimited amount of paper on it. It occupies the small space of 2 x 4 feet when open, and 6 inches by 2 feet when closed.

Fig. 2.

The rack is made from the best clear timber, and finished in ebony. Price, $8.50.

You can show more paper from my rack in one hour than you can show from the roll in one day, thereby making sales easy. My rack is not only practical, but very ornamental and simple; any child can use it with the greatest of ease. I have sold a large number, and have received recommendations from all who have used them. Address

C. H. Michael,

Patentee and Manufacturer,

LAPORTE, - - - - INDIANA.

S. A. MAXWELL & CO., 134 and 136 Wabash Avenue, Chicago.

TESTIMONIALS.

Mr. C. H. Michael: PONTIAC, ILL., March 21, 1884.

SIR—The display rack is tip top. We are well pleased with it; think it the best we have seen. Trusting you will have a fine paper trade, we are

Your Ob't Servt's, CALDWELL & MCGREGOR.

Mr. C. H. Michael: GRAND RAPIDS, MICH., July 1, 1884.

DEAR SIR—We are glad to have an opportunity to recommend your wall paper rack. We are using five of them in our store, and would use no other. The verdict of our customers who have put them in is that it is the only feasible display rack in the market. We predict for your rack that before the end of another season it will be found in every first-class wall paper store in the country. Wishing you success, we remain,

Yours Respectfully, NELSON BROS. & CO.

Mr. C. H. Michael: KENDALLVILLE, IND., July 5, 1884.

DEAR SIR—Your wall paper rack is complete. We like it very much. Of the several different styles we have had yours is the first one that gives satisfaction. Would not do without it now.

Respectfully, G. H. LOHMAN & CO.

Mr. C. H. Michael, Laporte, Ind.: NEW CARLISLE, IND., July 7, 1884.

DEAR SIR—I have had one of your wall paper display racks in use the last season, and regard it as decidedly the best I have ever used. I have examined and used several other kinds, but consider yours more convenient, neatest and most practical of any of them.

Yours Truly, F. D. WARNER.

C. H. Michael, Laporte, Ind.: MICHIGAN CITY, IND., July 14, 1884.

SIR—We have tried your wall paper display rack, and of all the different ways of showing paper it gives the best satisfaction. It not only saves time in the busy season, but pleases the customer equally as well.

Yours Respectfully, WOODSON & COOK.

C. H. Michael, Laporte, Ind.: CHICAGO, ILL., July 3, 1884.

DEAR SIR—Your rack is a success. We have sold a good many of them, without a single complaint. It will fill the bill in every particular.

Yours Truly, S. A. MAXWELL & CO.

ABDAMED ALLEN, Bay Stallion, foaled May 13, 1869, bred by Wm. Bateman, Du Page Co., Ill., by Ethan Allen, Jr., (Woodward's) full brother to Daniel Lambert, by Ethan Allen. 1st dam Fann Bateman, by Imported Glencoe. 2d dam a fine mare formerly owned in Woodford Co., Ky., and kept on Frank Harper's place for a time, and known as the Brinegar mare. The dam of Ethan Allen, Jr., was Fanny Cook, by Abdallah; 2d dam by Stockholm's American Star. ABDAMED ALLEN is 15¾ hands high, most perfect in form, style, finish and action, and is very fast, with but little handling, and as a getter of stock he is of the highest order. See his colts, Baffle, Iberim, and others in catalogue. This horse has all the style, finish and action of Old Ethan, with same marks, and with much additional substance and power, and in composition of blood is unsurpassed. See the Ethan Allens, the Abdallahs, the Stars, and the Glencoes combined. The Abdallah and Star cross has produced more fast trotters than any other. ABDAMED ALLEN has this cross, with Ethan Allen and Imported Glencoe for action and bottom.

And owner of **PILOT DUROC, Jr.**, by Pilot Duroc, he by Pilot, Jr. 1st dam Nellie, by John Clark's Young Turk; 2d dam by Flying Duroc; 3d dam by the Bush Messenger; 4th dam by Walworth's Black Prince. Bred by R. A. Alexander, Woodburn Stud Farm, Ky. Write for circular.

Swales Wilson H, physician.
Swales Wilson H Jr, physician.

LOGANSPORT. An important commercial and manufacturing city of 15,000 inhabitants, the county seat of Cass county, is located on the Wabash river at its confluence with Eel river, 70 miles from Indianapolis, 116 from Chicago and 270 from St Louis. The railroads centering here comprise the main line and Eel River Div W St L & P, Logansport Div T H & I and the 2d and 3d Divs of the C St L & P Ry. In 1828 Logansport was platted and the following year it was made the county seat. It is now a handsome, well built city, with wide, clean streets, a large number of handsome residences, substantial business blocks, is lighted by gas and electric light, and supplied with water works, a well equipped fire department, good public schools, an excellent normal college, telephone exchange, 3 first-class hotels, an opera house with a seating capacity of 1,500 and 2 national banks. It has a number of fine church edifices, represented by the following religious denominations: Baptist, Methodist, Catholic, Presbyterian, Episcopal, Lutheran, Christian, German Reformed and Cumberland Presbyterian. The press is represented by the following papers: *Advertiser*, issued daily; *Pharos* and *Journal*, with daily and weekly editions, and the *Chronicle*, *Sunday Critic* and *Staats Zeitung*, issued weekly only.

The manufacturing interests of the city of Logansport are in a very prosperous condition. Within the last two years there has been an increase in the number of establishments, and large additions have been made to the value and capacity of existing factories, mills, etc. The manufactured products of this city, rank among the first in the U S and include organs, beer, barrels, cooperage stock, flour, water wheels, mill machinery, castings, pumps, paper, carriage, wagon and agricultural implement wood work, grain drills, boilers, linseed oil, soap, lumber, leather wooden goods, carriages, brooms and furniture. There is no point in the State that offers greater inducements for the location of manufactories than Logansport, as it has excellent transportation facilities, a central location, healthy climate, low rate of taxation, and is in close proximity to the vast coal fields of Indiana and Illinois. The surrounding country is very fertile and tilled by an intelligent farming community. The Adams, Am, U S and Pacific Ex and W U Tel Cos have offices here.

SEE NEXT PAGE.]

1. CALENDAR.

With decreased expenses and increased facilities, next year will open Tuesday, August 26th, 1884, and will have five terms—four of ten weeks each and one of six—commencing respectively: (1) August 26, 1884; (2) November 4, 1884; (3) January 13, 1885; (4) March 24, 1885; (5) June 1, 1885.

2. GROUNDS AND BUILDINGS.

The campus is a natural grove of twelve acres, overlooking the city, and lying 142 feet above Eel river. It is supplied with refreshing shade, and crystal spring water having healthful medicinal qualities. The building, costing $80,000 in 1870, is a model of strength and architectural beauty. It is supplied with capacious halls and offices, large and beautiful sleeping, dining and recitation rooms, and every facility for a comfortable college home. It is acknowledged to be the finest school property in the State.

3. COURSES OF STUDY.

PREPARATORY, TEACHERS', BUSINESS, MUSICAL, ELOCUTIONARY, PHONOGRAPHIC, SCIENTIFIC and CLASSIC. These courses are carefully arranged and, properly completed, prepare thoroughly for the great life-work.

4. WORK EACH TERM.

In many Institutions students can enter only at the opening of the school year. Here they can enter at any time, and find *beginning, advanced and review classes* in Arithmetic, Algebra, Geometry, Grammar, Rhetoric, Geography, Physiology, History, Latin, Book-keeping, Music, Elocution and Literature. When called for, classes will be organized in Greek, Trigonometry, Philosophy, Logic and Criticism. Every grade of students can be accommodated.

5. NEW INSTRUCTORS.

(1) PROF. I. E. WILSON AND WIFE, of Iowa, both classical graduates, will be instructors in the Literary Department next year.

(2) MRS. MAUD BARNETT, trained in the Boston Conservatory of Music, will have charge of Voice, Organ and Piano. She is a highly skilled instructor, and will give the best of satisfaction.

(3) MISS TRESSA CROCKER, an accomplished and experienced instructor from Boston, will teach Elocution, both in classes and privately. Those desiring to become good readers and speakers will act wisely to join her classes.

(4) WILSON R. BERRY, teacher of Drawing and Painting, has few equals in the West. He has traveled over the continent, sketching from nature for the leading metropolitan journals.

(5) JOHN R. O'CONNOR, Circuit Court Reporter, will organize classes in Phonography. He gives the best satisfaction.

(6) J. V. ZARTMAN, lately in charge of a Business School in New Albany, will teach Penmanship and Book-keeping.

6. EXPENSES.

(1) TUITION in Preparatory, Business, Teachers', Scientific and Classic Departments, $10 per term of ten weeks; $19 in advance for two terms, or to two members of same family one term; $27 in advance for three terms, or three relatives for one term; $34 in advance for four terms, or four relatives for one term, $38 in advance for forty-six weeks.

(2) BOARD—Club, $1.50 per week; private, $2.50 to $3.50 per week.

(3) RENT of furnished room, 50 cents per week.

☞$30 in advance pays Tuition, Room Rent and Board for ten weeks.

7. SPECIAL ANNOUNCEMENT.

HALL'S COMMERCIAL COLLEGE, successfully conducted in this city during the past thirteen years, has been purchased and consolidated with the Normal College. It will be conducted on the actual Business plan. With its full equipment it will give excellent facilities for business training. Tuition $10 per term of ten weeks. Send for circulars.

8. ACKNOWLEDGED ADVANTAGES POSSESSED BY THE AMERICAN NORMAL COLLEGE.

(1) Superior railroad facilities. (2) Best site and building of any independent school in the West. (3) Superior courses of study. (4) Superior rooms for sleeping and boarding purposes. (5) Special literary culture in classes and societies. (6) Superior instruction in all departments. (7) Healthfulness of location. (8) Faithful care of students in case of sickness. (9) Furnishing of Elocution, Book-keeping, Penmanship and Vocal Music to all regular students without extra charge. (10) Graduation at close of any term which satisfactorily completes a course of study, thus saving both time and money to student. (11) Superior boarding arrangements under our personal control. (12) Personal attention and interest of teachers, who all live in College building.

———:O:———

☞Let all who seek to take a course of study, partial or complete, communicate with us. We are prepared to give superior inducements. Address

MADISON. The oldest town in southern Indiana, is a flourishing city of 9,000 inhabitants, located on the Ohio river and J M & I R R, 86 miles southeast of Indianapolis, and 100 below Cincinnati. Madison is a live commercial and manufacturing city, supplied with gas and water works, a well equipped fire department, good police force, street railway, a number of handsome church edifices, 6 graded schools, 1 academy, a public library, 7 hotels, and 2 national banks. The press is represented by the *Star, Herald* and *Courier*, all of which are issued both daily and weekly. The industries of manufacture are steadily on the increase, each year brings new establishments, and enlargements and extensions to those already in existence. The most prominent articles manufactured here include boxes, copper goods, spokes, machinery, staves, heading, boats, starch, sash, doors and blinds, paper, blacking, furniture, woolen goods, brick, beer, stirrups, brass goods, wheels, mineral water, boilers, chairs, brooms, drain tile, iron, ear drums, flour barrels, lumber, saddle trees, crackers, iron castings, horse collars, leather, carriages, wagons, cigars. The city carries a bonded debt of $208,000, and has real and personal property (assessed value), aggregating over $4,000,000. This is an eligible point for the location of manufactories, and is a live city. Ex, Adams. Tel, W U. John W Link, postmaster.

MARION. The judicial seat of Grant county, is a growing commercial city of 4,000 inhabitants, located on C St L & P, C W & M and T D & B R Rs, 70 miles northwest of Indianapolis. This, for its size, is one of the thriftiest towns in Indiana. It is a handsome, well built city, regularly laid out with broad streets, and is supplied with gas and water works, a volunteer fire department, equipped with 3 hose reels. 4 public school buildings, 7 churches, 5 hotels, au opera house and 3 banks. Marion has improved very rapidly within the last 2 years; the most important improvement, in the way of buildings is the court house, erected at a cost of $175,000, a number of business blocks and a fine hotel building. The press is represented by the *Republican*, issued daily and weekly, and the *Chronicle* and *Democrat*, weekly publications. In point of manufacture it stands very prominent, having 2 flour mills, stave factory, 3 planing mills, foundry, 2 saw mills, handle factory, saw works, linseed oil mill, hub factory and bentwood works. The Mississinewa river flows by the town and furnishes good water power. The chief exports

CAUTION.

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our book as a specimen, and by that means collecting moneys in advance. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

R. L. POLK & CO.

MICHIGAN CITY. Is an important manufacturing and commercial city of 9,000 inhabitants, located on Lake Michigan, in Laporte county, 12 miles northwest of Laporte, the county seat, 56 southeast of Chicago, and 161 northwest of Indianapolis. The transportation facilities of this place are very good. In addition to the lake traffic it has the following railroads: L N A & C, M C and I P & C Div W St L & P. The harbor here is one of the safest on the lake. Michigan City was platted in 1831, incorporated March 8, 1836, and is to-day the most important lumber market in the State. The city is handsome in appearance, has a large commercial trade, and is supplied with 10 churches, good public schools, 1 academy, public hall, 4 hotels, 2 banks, gas and water works, a well-equipped fire department, telephone exchange, and a number of substantial business blocks. It has a bonded debt of $35,000, and the assessed value of real and personal property aggregates $2,600,000. This is the location of the Indiana State Prison North.

The manufacturing industries of Michigan City are very extensive and steadily on the increase. The most prominent establishments include 2 planing mills, refrigerator works, flour mill, 2 chair factories, car works, 2 hosiery mills, brewery, cooper shop and carriage woodwork factory. The press is represented by the *Dispatch* and *Enterprise*, both of which are issued daily and weekly.

This city offers inducements to manufacturers that are unexcelled, and as a residence place it has no superior and but few equals. Lumber is the chief export. Ex, Am, U S and L N A & C. Tel, W U and Postal. John H Peters, postmaster.

MUNCIE. The judicial seat of Delaware county is a handsome city of 6,000 inhabitants, located on White river, 65 miles south of Ft Wayne, 54 northeast of Indianapolis and 45 northwest of Richmond. The railroads centering here are the L E & W, C C C & I and Ft W C & L. Muncie has improved very rapidly within the last five years; the court house now in course of construction at an estimated cost of $200,000 will, when completed, be one of the finest structures of its kind in the State. The city carries a bonded debt of $9,000, has real and personal property—assessed value—aggregating $1,205,395, and is supplied with gas and water works, a good fire department, public library of 4,000 volumes, an opera house with a seating capacity of 800, 3 banks and good hotels. The press is represented by 4 publications—the *Times* and *News* with daily and weekly editions, and the *Advertiser* and *Democrat* issued weekly only. The religious and educational advantages of this city are fully up to the standard, and comprise several handsome churches, 1 high and 3 graded schools.

This is essentially a manufacturing town, prominent among its manufactured products are engines, flour, organs, barrels, machinery, lumber, sash, doors and blinds, handles, hubs and spokes, flax, bagging skewers, corn planters, roller skates, brick, pumps, staves, drain tile, brooms, curry combs, carriages and heading. It has U S and Am Ex, and W U Tel offices. Robert I Patterson, postmaster.

☞Those who desire to buy or sell REAL ESTATE will do well to apply to us.

SOUDERS & PRUTZMAN,

—INVENTORS AND PATENTEES OF THE—

Souders & Prutzman Brick and Tile Kilns.

Our BRICK KILN, patented December 11, 1883, is without doubt the LATEST AND BEST, as it has been produced after many years of experience with other kilns now in use. The heat is generated in fire boxes on each side of the kiln, from the boxes it passes in at the bottom of the brick through the opening, or it may be passed up in the flues near the top of the kiln. In all cases the fire is under perfect control, every part of the kiln may be kept uniform in burning. The number of fire boxes depends upon the length or diameter of the kiln. All kinds of fuel may be used, and such as could not be used in the old style kilns. We guarantee satisfaction to all who purchase our patent, and you can burn with ONE-THIRD LESS FUEL than with any other.

Our TILE KILN is in every way the same as our brick kiln, except that it has our ARCHED CORRUGATED FLOOR, and has no flues in the side walls. They may be made square or round, and in every case we will guarantee perfect satisfaction and a great saving of fuel and labor over all other kilns. One man can attend to our kilns without being busy half the time. Our ARCHED corrugated floor gives double the burning capacity of all others. Our kilns are scientifically constructed, and especially adapted for burning all kinds of ware made of clay. No experience is required to burn our kilns, and you have no loss or imperfect brick or tile when it is used. ☞ For territory, prices, or further particulars, address the inventors and patentees,

SOUDERS & PRUTZMAN
MUNCIE, INDIANA.

Mock Brothers,

Manufacturers and Patentees of the Celebrated

MOCK BRICK MACHINES,

For Moulding and Handling Clay and Brick Entirely by Machinery.

The different devices applied to the handling of the Clay before it is conveyed to the machine and the superior quality of brick as they are made, keeping time and working harmoniously together, are immense advantages over anything which has yet been introduced to expedite and cheapen the cost of manufacturing. By the use of this machine the process of Brick Making has been completely revolutionized, and a better article of brick is produced at a smaller cost than by any former process. One machine now in use is turning out 16,000 brick per day, at an expense for motive power and help of only $8. Horse power is employed here, but by the substitution of steam it is claimed that the capacity can be increased 100 per cent. or more at a very small additional expense.

JAY-EYE-SEE

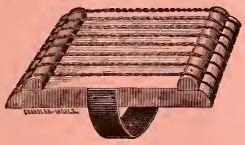
PATENT WIRE CURRY COMB

IS THE ONLY REALLY NEW THING IN THE CURRY COMB LINE.

It is humane; it lifts every hair.

Rubs and cleans the skin; does not cut and scratch it.

Currys a clipped horse.



Is simply supreme as a mud cleaner; dry mud, sweat, etc. removed in a twinkle. Is the only Comb made fit to use on horses' legs.

It cleans itself, and is a wonder for use on a shedding horse Must be seen to be appreciated. ☛ Sells at sight.

Send for Circulars, Prices and Discounts.

NEW ALBANY. Is a handsome manufacturing city of 20,000 inhabitants, the county seat of Floyd county, located on the Ohio river nearly opposite Louisville, Ky; 110 miles south of Indianapolis, 128 below Cincinnati and 344 southeast of Chicago. Its transportation facilities are very excellent, comprising the L N A & C, J M & I and L E & St L roads; it is connected with Louisville by ferry and rail, thus giving it the advantages of all roads centering there, and these with the water transportation of the Ohio, gives it ample facilities for marketing its immense manufactured and agricultural products. New Albany was platted in 1813, and is to-day one of the most progressive cities in Indiana. Its religious and educational advantages are unexcelled, and are represented by 23 churches of various religious denominations, 2 high and 10 graded schools, a business college and the celebrated DePauw College for Young Women. The city is governed by the mayor and common council, has an efficient police department, a fire department equipped with 3 hose reels and a hook and ladder truck, several miles of street railway, gas and water works, electric light, 1 private and 4 national banks, an opera house, several public halls, good hotels and substantial business blocks. The press of New Albany is represented by the *Ledger*, issued daily and weekly, and the *Herald*, *Public Press*, *Review Deutsche Zeitung*, weekly papers.

New Albany, for its size, is one of the most important manufacturing towns in Indiana, the manufactories here giving employment to over 4,000 hands; the DePauw American Plate Glass Works alone employing over 1,000, and this with several other mills, factories, etc., engaged in the manufacture of furniture, forgings, railroad iron, leather, woolen goods, cotton batting, brick, hosiery, castings, cooperage, oil stoves, boilers, engines, carriage wood stock, handles, boats, beer, stoves, brass goods, flour, boots and shoes, edge tools, fertilizers, lumber, spokes, carriages, glue, queensware, iron fence, sash, doors, blinds, tobacco boxes, car axles and pumps, comprise the principal manufacturing industries of the city.

This city has all the conveniences and facilities for manufacturing, and as a residence place it is unexcelled. It is now the second town in population, in Indiana, on the Ohio river, and is destined to become the first in manufacture in the near future. The Adams and L N A & C Ex,

L. Bradford, **Solicitor of AMERICAN AND FOREIGN PATENTS,** and Notary Public. Office, Rooms 16 and 18 Hubbard Block, Indianapolis, Ind. *(See adv.)*

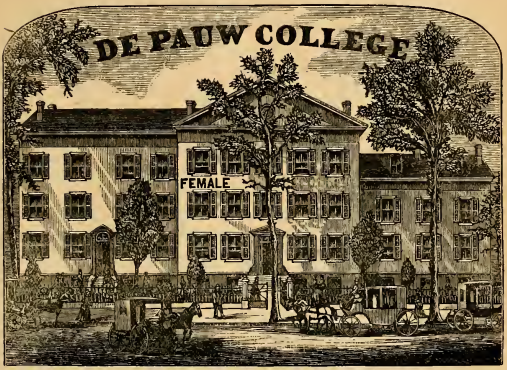
DE PAUW COLLEGE

FOR

YOUNG WOMEN.



In the Cause of Higher Education for Young Women, this College is now better prepared than ever to guarantee satisfaction in every particular. The attendance this present year is one hundred per cent. better than last year, and the required Course of Study is equal in every respect to that of any of the best Colleges of the country. There are two Regular Courses of Study—Classical and Scientific—besides the specialtie found in the

MUSIC SCHOOL AND ART SCHOOL

AND IN THE NORMAL AND COMMERCIAL DEPARTMENTS.

ALSO A SPECIAL TEACHER IN ELOCUTION.

Fall Term Begins September 3, 1884.

HON. W. C. DE PAUW, Pres't Board of Trustees.
HON. A. DOWLING, Sec'y Board of Trustees.
REV. F. A. FRIEDLEY, A. M., Pres't of Faculty.
IDA VAN NESS, Music.
MRS. A. E. MCCLELLAN, Ass't Teacher of Vocal Music.
EVA KIRKLAND, Elocution.
SUE M. FUNK, Teacher, Art School.
ADELIA WOODRUFF, Teacher of Belles Lettres.
ALICE FUNK, Teacher of Mathematics.
BESSIE HUTCHISON, Preparatory School.
OLGA DE SEYDERWITZ, French and German.

☞ **Terms the Most Reasonable.** For full information and Catalogue, address the President,

F. A. FRIEDLEY, NEW ALBANY, INDIANA.

CARPENTER HOUSE,

COR. LOWER FIRST AND MAIN STS.,

New Albany, Ind.

JOHN McINTOSH, Proprietor. **Only Second-Class Hotel in the World.**

The meanest man in America, who neither deals in politics or religion, his entire time being taken up in catering to the wants of his guests. However, he advises his patrons to say their prayers before retiring at night, and to whet their teeth for a tough beefsteak in the morning. It is the headquarters for commercial travelers, and "don't you forget it."

Terms Cash to both Saint and Sinner.

TAPE WORMS OUSTED!

MRS. W. M. WILCOX,

PROPRIETOR WILCOX'S FAMILY MEDICINES,

98 Bank Street, NEW ALBANY, INDIANA.

Mrs. Dr. Wilcox guarantees a permanent removal of Tape Worms, and can be consulted at her office, 98 Bank Street, New Albany, Indiana. Persons suffering from Tape Worms need suffer no longer. The following are a sample of the hundreds of testimonials in the possession of Mrs. Dr. Wilcox, which she has received unsolicited:

TESTIMONIALS.

LEAVENWORTH, IND.

DR. W. M. WILCOX:

My son was afflicted with Epileptic Fits nearly five years, and we could not get anything to bene fit him. I was induced to use your medicine. Four bottles cured him. I still keep the bitters in the house.

Yours Truly,
W. P. EVERDON.

Wm. Briggs, of the firm of Briggs Bros., Hardware Merchants, writes:

I can certify to the virtues of your medicines which have cured me of Dyspepsia and Catarrh of the Head. After trying the Hot Springs of Ark., and the advice of seven physicians, without any relief, my case was given up as hopeless by my friends. When I first commenced the use of your medicine I only weighed 82 pounds, and in three months I had gained 40 pounds, and am now in better health than ever before.

WM. BRIGGS, New Albany, Ind.

CINCINNATI, OHIO.

I certify that my wife has been afflicted with Tape Worm for four years. She has been taking medicine for three years without doing any good. I am happy to state that you removed the entire worm (59 feet) within seven hours after the first dose of your medicine.

FRANK SMITH.

GEORGETOWN, IND.

DR. W. M. WILCOX:

Dear Sir.—I have used your bitters in destroying worms in my children, also for a Tonic and Strengthening Cordial in general debility, and it proves to be in every respect the best preparation I ever used.

W. W. TUCKER, M. D.

JEFFERSONVILLE, IND.

DR. W. M. WILCOX:

Sir.—Please fill my order immediately for your Bitters. They are more in demand than any medicine I keep in my store, and they give better satisfaction than any I have ever

Yours truly,
R. H. LUMIS.

BUSINESS NOTICE.

NEW ALBANY, IND., January 14th, 1882.

I desire to state to the public that Mrs. Dr. W. M. Wilcox this day relieved me of a Tape Worm measuring sixty-five feet in length. I have been in poor health for the past fifteen years, and finally became unfit for business, not knowing to a certainty the cause of my ill health until within the last three months, when I commenced a correspondence with Mrs. Dr. W. M. Wilcox, and resulted in the expulsion of the worm as above stated.

A. S. McCANDLESS, M. D., Mediatraville, Ind.

Address MRS. W. M. WILCOX,

98 BANK STREET, NEW ALBANY, INDIANA.

The Tape Worm Remedy is not sold on the market, but administered by herself only.

NEW CASTLE. Is located 1 mile east of the geographical center of Henry county, of which it is the judicial seat, on Blue river 44 miles east of Indianapolis. The railroad facilities are very good, comprising 4 roads, as follows: the Ft W C & L, I B & W, C St L & P and W W V, thus giving it ample and cheap transportation for its extensive manufactured and agricultural products. This town is the business center of one of the finest farming districts in Indiana. New Castle contains 3,000 inhabitants, carries a bonded debt of only $10,000, has real and personal property—assessed value—aggregating $1,115,400, and is supplied with excellent county buildings, fine business blocks, handsome residences, 7 churches, good public schools, 2 hotels and 2 banks. 3 newspapers are issued here, known as the *Democrat*, *Mercury* and *Courier*. The manufacturing industries of New Castle are very extensive, and rapidly on the increase; the more prominent establishments include 3 saw mills, 2 furniture factories, bentwood works, 2 carriage factories, 1 foundry, a grain cradle factory, 2 grain elevators, 1 flax mill, 1 tannery, 3 flour mills, 1 pork house, 1 woolen mill, a tile factory, several brick yards, handle factory and pump factory. NOTRE DAME. Situated 2 miles north of South Bend, on M S R R, in St Joseph county, has no village population, but is the location of the best known educational institution in the West, namely, the University of Notre Dame for males and St Mary's Academy for females. The University of Notre Dame was founded in 1842 by the congregation of the Holy Cross, under the direction of the Very Rev E Sorin, and was chartered by the Legislature of the State of Indiana in 1842, with full power to confer all usual degrees, and now conducted by the President, Rev Thomas E Walsh, C S C. On April 23, 1879, the University was destroyed by fire. The present building, which was erected the same year that it was destroyed, is modern gothic, 224 feet front and 155 deep, with a projection or wing on each side directly connected with the main building, making a total frontage of 320 feet. The height of the main building from the ground to the pedestal on statue above the dome is 170 feet. Its facilities for education are briefly stated, being calculated to form both the heart and intellect of its students. The St Mary's Academy, under direction of the Sisters of the Holy Cross, is the best disciplined and most thorough institution of its class in the United States. The building, of brick, with stone dressing, is spacious and commodious, and one of the best constructed for educational purposes in the country. Situated on St Joseph's river and surrounded by 80 acres of land laid out in fine pleasure grounds, make it at once attractive and healthful. The popularity of the institution is shown by its patronage, as its list of pupils includes females from nearly every State in the Union. The proximity of Notre Dame and St Mary's is a great convenience to parents having children at both institutions, as a visit to each can be made at the same time. The University has W U Tel and Am and U S Ex offices in the building. Mail daily. E Sorin, postmaster.
Granger A Very Rev (Catholic).

PERU. This extensive manufacturing city of 8,000 inhabitants, the judicial seat of Miami county, is pleasantly located on the Wabash river, at crossing of main line and I P & C Div of the W St L & P R R, 75 miles from Indianapolis, 143 from Chicago, and 56 from Ft Wayne. A settlement was formed here in 1832. It is to-day a handsome, well-built city, supplied with good county buildings, a number of handsome residences, substantial business blocks, gas and water works, well-equipped fire department, telephone exchange, fine opera house, 6 hotels and 3 national banks. Its educational and religious advantages are very good, and include several beautiful

ALABASTINE!

A Superior Substitute for Kalsomine, Wall-Paper, etc, etc.

READY FOR USE BY ADDING HOT WATER.

It can be Mixed and Applied by any One.

SAMPLES OF TINTS.

1 LIGHT PEARL.	7 SAGE GREEN.
6 GREEN	13 LIGHT BLUE.
3 STEEL GRAY.	9 OLIVE GRAY.
4 ROSE PINK.	10 DEEP PEARL.
5 BUFF.	11 LIGHT OLIVE.
2 SEAL BROWN.	12 ALABASTINE BLUE.

These Samples are made by spreading ALABASTINE on paper with a common Kalsomine brush.

Alabastine is Entirely Different from all other Preparations Applied with a Brush.

Put up in 5 pound packages, 20 in a Case, and in Barrels and Half-Barrels.

Manufactured only by the ALABASTINE CO..

~~M. B. CHURCH, Manager,~~

Grand Rapids, - - - Michigan.

FOR SALE BY PAINT DEALERS EVERYWHERE.

[OVER]

ALABASTINE!

ALABASTINE is the only Preparation for the Purpose that is a Cement

Alabastine is the *first* and *only* preparation made from calcined gypsum rock, for application to walls with a brush, and is fully covered by patents.

Every additional coat of ALABASTINE, applied from time to time, adds to the strength of the wall, as they all cement together, forming one solid mass that will not scale, from a hard surface, but become harder with age, obviating the necessity of scraping and washing walls. *This alone places* ALABASTINE *far ahead of all other preparations* for the purpose; while it is also very easily applied by any person, by following a simple given rule, and especially adapted to the fresco painter's use; is the cheapest finish known, as it requires but one-half the number of pounds that it does of kalsomine to cover the same surface, and saves time and waste by being ready for use by adding hot water.

All kalsomines have inert soft white chalks, for their base, and depend entirely upon glue to hold them on the wall. The glue being animal matter soon decays, and the coat either scales off or becomes soft, and before the wall can be properly coated again it is necessary to scrape or wash off the old material—whether kalsomine, white-wash or wall-paper—involving great expense and inconvenience.

After Alabastine has been on a few weeks to harden, ***it may be washed with a sponge and water*** sufficient to remove spots of crock, ***lead pencil marks,*** or anything except grease, without spotting it, by using care to only rub long enough to remove the marks; while a drop of clear water will spot kalsomine, and the least spot cannot be removed in any way.

ALABASTINE is a Cement that Sets Hard whether in Water or on the Wall.

One pound of Alabastine will cover double the surface two coats that the same amount of Kalsomine will.

Alabastine is all and more than is claimed for it in this Circular.

Read the Claims Carefully,

Manufactured only by the

ALABASTINE CO.,

PLYMOUTH. The county seat of Marshall county, is a handsome incorporated city of 3,200 inhabitants, located at crossing of I P & C Div W St L & P and P Ft W & C Rys, 85 miles southeast of Chicago and 118 north of Indianapolis. A settlement was formed here in 1835. The city is now in a very prosperous condition, having only $8,000 of a bonded debt, and is supplied with good county buildings, 6 churches, graded schools, the St Michael's Academy, opera house, telephone exchange, volunteer fire department, 2 banks and 5 hotels. The water supply here is obtained from 2 large flowing wells, and the waters contain very healthy magnetic properties. The *Republican*, *Democrat* and *Restitution*, all weekly papers, are issued. Its manufactories comprise 2 flour mills, brewery, 2 planing mills, plow works, tannery and 1 cooper shop. Lumber and grain are extensive shipments from this station. Ex, U S and Adams. Tel, W U.

PORTLAND. The county seat of Jay county, is a prosperous commercial town of 2,800 inhabitants, located at crossing of L E & W and G R & I R R's, in the midst of a fertile agricultural district 110 miles northeast of Indianapolis and 49 south of Fort Wayne. Portland is increasing rapidly in population and importance, and is the location of several fine churches, good graded school, 2 banks and 2 hotels. The Merchants' Hotel, recently constructed at a cost of $21,000, is a model specimen of architecture and conducted on a strictly first class basis. The press is represented by 3 weekly newspapers—*Herald, Commercial* and *Sun.* The prominent manufacturing establishments located here include 2 flour mills, 2 stave and heading factories, 2 saw mills, foundry, flax mill, handle works, spoke factory and planing mill. Live stock, grain and lumber are the principal exports. Ex, U S. Tel, W U. Nimrod Headington, postmaster.

SHOW CASES { CHARLES RUEHL, 6 West Louisiana St., INDIANAPOLIS, IND.

& W and Richmond & State Line Div C St L & P lines, and is traversed by main stem of last mentioned road. The Union Depot is used as a passenger depot by all roads centering here, and is a convenient and commodious building. The city derives a large trade from the surrounding country, with which it is connected by 13 gravel roads, reaching all points of the country. Richmond was platted in 1816 by John Smith, incorporated a town in 1818 and as a city in 1840. It is now an exceptionally thrifty business place, supplied with handsome residences, imposing business blocks, gas works, water works under course of construction, street railway, a paid fire department (equipped with 2 steamers, hook and ladder truck and 2 hose carts), 3 national banks, several hotels and 3 opera houses.

The religious and educational advantages of Richmond are of the best to be found in the country, and include a number of graded schools employing 55 teachers, with an enrollment of 5,222 scholars, several private schools, normal training school, kindergarten, business college, telegraph institute and the well known Earlham College. Its churches, 27 in number, representing nearly all the popular religious denominations, are in the main handsome structures and a great credit to the city. The Morrison Library of 10,000 volumes donated by the late Robert Morrison, and the Wayne County Library of 2,500 volumes, comprising the free literary facilities of the city. The State Insane Asylum is now under course of construction here. Its charitable institutions include Orphan Home, Home for Friendless Women and the Wernlee Orphans Home. Richmond is noted for a highly moral and intelligent community, and as a residence place it has no superior. The city carries a bonded debt of $43,000, and has real and personal property—assessed value—aggregating $8,000,000.

The press is represented by the *Independent, Evening Item* and *Palladium*, with daily editions, the *News, Palladium, Telegram, Volks Zeitung, Enquirer, Independent, Sunday Register* and *Democrat*, issued weekly, and a monthly publication, the *Earlhamite*, issued by the students of Earlham College. There is no city in the State that can boast of larger manufactories than Richmond, and in number they compare favorably with any other city of like size in the country. There are in all about 175 establishments, with an aggregate capital of $5,000,000 invested, employing some 7,000 hands. The most prominent articles manufactured include agricultural implements, artificial stone, boilers, fertilizers, brass goods, beer, bricks, cheese, chain, chairs, bentwood, castors, church and school furniture, clothes wringers, desks, coffins, corn planters, barrels, eave-troughs, grain drills, files, flour, mouldings, furniture, hames, horse collars, iron fence, lawn mowers, linseed oil, map cases, mill machinery, paper, pianos, lumber, plows, earthenware, pumps, roller skates, rope and twine, rubber stamps, saw mills, sash, doors and blinds, soap, spokes, stoves, leather, threshing machines, tile mills, tinware, wind engines, wire fence and woolen goods. These goods find a market all over the United States and are noted for being the best produced. Richmond offers inducements to manufacturers that are second to none, and is destined to become one of the most important cities in the State. Ex, Am, Adams and U S. Tel, W U, B & M and B & O. THE LATEST AND BEST IN THE WORLD.

For EASY running and REST MOTION it has no EQUAL. It is the LIGHTEST SKATE in the Market. THE TENSION CAN BE CHANGED to suit the weight of the user in a moment. It is practically and mechanically complete.

THE SKATE CAN TURN

In a 23-Inch Circle, with all Four of the Wheels on the Floor.

No Cutting Or Wearing of the ELASTIC. SPRING.

Liberal terms to the trade. For prices and further particulars address the

CHAMPION ROLLER SKATE & WAGON CO.

Office and Factory, 1122 and 1124 North E St., RICHMOND, IND.

Please name this book. See next page.

THE PERFECT

ROLLER SKATE.

We claim for this skate: Lightness, Easy Running, Perfect Adjustability, Perfection of Mechanism and Durability. All tending to make what we claim for the Star,

THE PERFECT SKATE,

Several ounces lighter per pair than any skate made.

For Rink use it meets all the requirements of the most fastidious, and excels all competitors.

For Expert use, nothing yet invented can approach it.

The "Star" can be turned in a 23 inch circle, with all the wheels on the floor.

Send for prices and terms to rinks and dealers. Prompt care given to all orders. Every skate and every part of every skate thoroughly tested before leaving the factory. We claim superiority of all material used in the manufacture of these skates.

The admirable running qualities of this skate, together with the elastic tension, capable of delicate adjustment, make it the best yet offered for the use of ladies and children, avoiding all tiresome straining of the muscles and rendering skating only the "poetry of motion." For prices and further particulars address the

CHAMPION

ROLLER SKATE AND WAGON COMPANY

Office and Factory, 1122 and 1124 North E St., RICHMOND, IND.

CARY, ROWLETT & CO.,

MANUFACTURERS OF

GRAND CHECK-ROWER,

RICHMOND, INDIANA.

ANNOUNCEMENT.

This New and Perfect **Check-Rower** is now offered to the general trade. It is superior to anything now in use. It works smooth and easy, drops the corn with greater accuracy and precision, with less motion, has no gearing, ratchets, or cams, and is simple, cheap and durable. The successful use of it during the last season stamps it as having no equal.

Among our improvements will be found a superior Wire Cable, arranged with Malleable Iron Buttons at each joint, which can be opened and closed at pleasure.

With but few working parts, and those simple and strong, it does not get out of order, and is always reliable.

The use of **Check-Row Droppers** ha demonstrated their advantages, and they are now regarded as a necessity.

They save the time used in "marking out," as the planting is done in the same time. They save the wages, and carrying the weight of a man to do the dropping.

They make it easy to plant straight rows.

By the use of a universal coupling it is easily attached to any of the leading styles of planters.

Every Dropper fully warranted. Any defect in material or workmanship, or in performance, will be made good without charge.

Genuine Hartford Boot and Shoe. { Dealers will find they are the best goods they can handle for men's wear. Geo. S. Dwinnell, Indianapolis, Ind.

Instructor in Latin.

PHEBE FURNAS, A. B.,
Instructor in Mathematics.

MATTIE C. DENNIS,
Instructor in English.

See next page.

EARLHAM

COLLEGE.

IT OFFERS THREE FULL COLLEGIATE COURSES OF STUDY:

1. CLASSICAL. 2. LATIN AND SCIENTIFIC. 3. SCIENTIFIC.

Special prominence is given to the English Language and Literature.

Superior advantages are afforded for the study of German and French.

The Cabinet is large and constantly increasing, and for the variety and educational value of its Geological, Mineralogical and Zoological collections, has few superiors in the West. It has recently been euriched by the addition of an extensive collection of Archæological specimens.

A Chemical Laboratory affords excellent facilities for practical work by students, without extra charge beyond the actual cost of chemicals used.

Students in Astronomy have the advantages of a well equipped observatory.

Classes in Surveying are given regular practice with instruments in the field.

An Art Department provides instruction in Drawing and Painting.

Classes in Philosophy and methods of education are organized for the benefit of college students who are preparing to teach.

Students in all departments have access to the library of the college and that of the city of Richmond, together aggregating 15,000 volumes.

THE PREPARATORY SCHOOL

Presents a well arranged course of study under a corps of efficient instructors. For catalogue and further information address

JOSEPH J. MILLS, President.

See preceding page.

Swank & Orr, flour mill.

ROCHESTER. This live business town of 3,000 inhabitants, the county seat of Fulton county, is situated at crossing of I P & C Div W St L & P and C & A R Rs, 98 miles north of Indianapolis, and 68 south of Michigan City. It was settled in 1830, incorporated a town in 1855, and is now a handsome place, containing good business blocks, handsome residences, excellent public schools, 7 fine church edifices, one of the finest theaters in the State—seating capacity 1,000—1 bank and 3 hotels. 3 weekly newspapers—*Sentinel*, *Tribune* and *Republican*,—are sustained. One of the most important features of Rochester is the famous Lake Manitau, distant 1½ miles from the town. A landing known as Manitau Landing, has been established as a resort, which has now gained a considerable notoriety. The lake comprises 2,500 acres, and is 3½ miles long by 2 wide. Fishing and hunting parties find this one of the most pleasant resorts in Indiana. An elegant steamer is at the service of all. A dining hall has been recently established. The landing is conducted by W H Skinner & Son, who have made it both attractive and comfortable. Rochester has the following manufactories: 3 foundries, 2 flour mills, 2 cooper shops, 1 woolen mill, 2 planing mills, 1 saw mill and a lime kiln. Flour, grain and live stock are extensively shipped. This place needs more manufacturing establishments. It is surrounded by a good grain district, and since the completion of the new railroad offers special inducements to manu-

SOONOVER. A farmers' postoffice located in Pierson township, Vigo county, 15 miles southeast of Terre Haute, the county seat and banking town. Ship to Pimento, distant 5 miles on the E & T H R R. C B Jenkins, postmaster and general store.

SOUTH BEND. The most extensive manufacturing city of its size in the country, is the county seat of St Joseph county, located on the St Joseph river and C & G T, L S & M S and M C R Rs, 85 miles east of Chicago, and 160 north of Indianapolis. This city has had a very rapid increase in population, the 1880 census placed the population at 13,324, which is now over 18,000, the increase between 1870 and 1880 was over 100 per cent, and from present indications the increase from 1880 to 1890 will be even greater than in the former decade. The water power and transportation facilities of this city are such that it has been chosen the location for some of the largest manufacturing establishments in the United States.

South Bend is a handsome, well built city, and its every appearance is one of prosperity and activity. The bonded debt carried amounts to $296,000. It has excellent public buildings, fine business blocks, handsome churches, gas and water works, a well equipped fire department, 2 theatres, 2 national and 2 savings banks, telephone exchange, and 7 hotels, prominent among the last mentioned are the Oliver House, Graud Central and Sheridan House. Its educational facilities are unsurpassed by any city in the West, for in addition to its excellent graded and high schools, and the St Joseph's Academy, it has all the advantages derived from the Notre Dame University and the St Mary's Academy, which are located 2 miles north of the city at Notre Dame. These institutions are too well known to need any description, and their reputation as first-class institutions are beyond any controversy.

Its newspapers are the *Evening Register*, *Times* and *Tribune*, issued daily, and the *Courier*, *Journal*, *Register*, *Times* and *Tribune*, weekly publications. The increase in manufacturing here is unparalled. Every year brings a large number of new establishments, and the enlargement of the established mills, factories, etc, are an every day occurrence. The most prominent works now include 3 flour mills, 4 plow factories, 5 planing mills, 1 tile factory, 2 foundries, 1 iron fence factory, 2 woolen mills, edge tool works, 1 tinware factory, 1 brewery, 1 grain drill factory, 2 paper mills, a sewing machine wood work factory, malleable iron works, 1 clover separator factory, 1 pulp mill, 3 furniture factories, 1 cooper shop, toy factory, 1 cement and sewer pipe factory, 2 boiler works, drill factory, 2 pump factories, and several wagon factories. One of the latter is the largest establishments of its kind in the West. The future of South Bend is beyond question, as it offers every inducement for manufacturing that could be desired, and is destined to become the most important manufacturing center in northern Indiana. The U S and Am Ex and W U and Postal Tel Cos have offices here.
George Pfleger, postmaster.
Adler Bros, clothing, 107 Michigan.
Alexander George T, druggist, 431 Water.

SOLDIERS or their heirs should have their rights investigated by W. H. CORBALEY, ATTORNEY AT LAW, 42 Vance Block, INDIANAPOLIS, IND., who has had 22 years experience Correspondence solicited.

ST. MARY'S ACADEMY,

Notre Dame P. O., Indiana.

CONDUCTED BY THE SISTERS OF THE HOLY CROSS.

In the Academy the Course is thorough in the Preparatory, Academic and Classical Departments.

No extra charge for German or French, as these languages enter into the regular Academic Course.

The Conservatory of Music,

On the plan of the best Musical Conservatories of Europe, is under the charge of a complete corps of teachers, eleven in number. It comprises a large music hall and twenty-eight separate rooms for harps, pianos and organs. A thorough course for graduation in Theory and Practice, Æsthetics and Composition.

The School of Art and Design

Is modeled on the great Art Schools of Europe, drawing and painting from life and the antique. Pupils in the Departments of Painting and Music may pursue a special course.

The Academy is located one mile west of the University of Notre Dame. Iron balconies and outside fire escapes have lately been added to the ample precautions against disasters from fire. The declaration of Mr Sanborn of the New York Insurance Co., that "the Academy is the most completely provided against fire of any building on the insurance list," is now more than verified.

Simplicity of dress enforced by the rules of the Institution. Full particulars of the three Departments given in Catalogue, for which address

Job Office connected with the establishment, and every variety of Plain and Fancy Job Printing done in modern and approved style on short notice and at Reasonable Rates.

———:o:———

Being the only Democratic newspaper published in St. Joseph County, the circulation of THE WEEKLY TIMES exceeds that of any other paper published in the county, and reaches thousands of readers promptly after every publication day.

The vote of St. Joseph County for Governor in 1880 was: Porter (Rep.), 4,031; Landers (Dem.), 3,817; Gregg (G. B.), 375. In 1882, for Secretary of State, the vote stood: Hawn (Rep.) 4,280; Myers (Dem.), 4,014; Leonard (G. B.), 485. It will be seen that the county has had a steady growth, and that the Democratic vote has kept pace with the increase, largely owing to the wholesome influence wielded by THE TIMES. In the present year the Democratic strength will probably reach and may exceed 4,500 votes. This is shown by the constantly increasing patronage of THE TIMES OFFICE and the rapid augmentation of the paper's subscription list.

Shank J, physician.
Whitaker A, insurance.

TERRE HAUTE. The county seat of Vigo county, has a pleasant location on the Wabash river, 102 miles north of Evansville, 73 west of Indianapolis and 167 east of St Louis. This city is the fourth in population and the third in commerce and manufacture in the State. It has had a remarkably prosperous growth within the last 3 years, and there is no city in the State that has shown such marked improvements. Terre Haute is a handsome well-built city, surrounded by a farming district that has no superior and is in the very center of the Indiana and Illinois coal fields. The location is probably the healthiest in Indiana, and its general appearance is one of business prosperity and wealth. It is claimed that Terre Haute is the best retail city in the State, being surrounded by a thickly settled country from which a large trade is derived.

MANUFACTURE.

This is one of the best fields for the investment of capital in manufacturing in Indiana. It has some of the largest and most important establishments in the west, and for variety of goods produced we append the following as the most prominent: Mill machinery, hubs and spokes, cigar boxes, brass goods, fertilizers, carriages, crackers, paper boxes, files, woolen goods, engines, boilers, castings, flour, hominy, overalls, sash, doors and blinds, whisky, elevator buckets, copper goods, wagon material, barrels, bent wood, brick, spring beds, iron, nails, kegs, cars, beer, soap, pig iron, pumps, lumber, stoves, machinery, staves, furniture and heading. A portion of these goods find a market in all quarters

J. H. CURRAN CARRIAGE ELEVATORS 135 West Second St., - - - CINCINNATI.

MODEL CLOTHING CO. { 43 and 45 East Washington St., and 18, 20 and 22 S. Pennsylvania St., INDIANAPOLIS, - IND.
Largest and most complete Clothing House in the State.

of the United States, and have gained a reputation as being first class.

RAILROADS.

Terre Haute enjoys most excellent rail facilities for the transportation of her manufactured and agricultural products. The roads, 6 in number, centering and diverging from the city, are as follows: The St L V T H & I road, main line, and L Div, has its general offices here, and gives it direct connection east and west with all leading lines. The I & St L road, which is another leading connection of the eastern trunk lines. It is the northern terminus of the E & T H, and eastern of the C & E I. The I M and T H & S E roads have general offices here. It is the eastern terminus of first mentioned and western of last named. The location of these general offices adds greatly to its importance as a railroad center as well as the wealth of the city.

POPULATION AND COMMERCE.

Terre Haute has had a steady and substantial growth with the last 30 years, as shown by the following comparative table:

1850	4,051
1860	8,594
1870	16,103
1880	26,593
1884, estimated	31,000

The wholesale trade has grown in a truly remarkable manner, starting, about 1870, from a comparatively small nucleus it has reached in 1884 vast proportions, extending largely over southern Illinois and western Indiana, and is steadily on the increase. The reputation of the wholesale business houses are second to none in the State.

NEWSPAPERS.

The press of Terre Haute wields a strong influence, morally and politically, throughout Indiana and Illinois. The papers published number 3 dailies, 6 weeklies and 1 monthly. The *Express, Courier* and *Gazette* are issued daily, the *Saturday Evening Mail, Banner, Journal, Express, Gazette* and *Courier* with weekly editions, and *The Freemans Magazine* issued monthly.

MODERN CONVENIENCES.

Terre Haute as a place of residence, irrespective of its business advantages, possesses many attractions. It is pleasantly located, has a healthy climate, the mortality rate being considerably below the average, and socially has no superior. It has fine public buildings, handsome churches and educational facilities second to none. In addition to 7 large ward schools and several private and denominational schools, it has a commercial college, the Indiana State Normal School and the Rose Polytechnic Institute the last named is endowed with a fund of $500,000 by the late Chauncey Rose. The city carries a bonded debt of $179,000, has real and personal property, assessed value, aggregating $15,000,000, and is supplied with gas and water works, a fire department equipped with 2 steamers, 5 hose reels, a hook and ladder truck and fire alarm telegraph, street railway, handsome opera house, 6 banks—1 savings 2 national and 3 private—telephone exchange, electric light and several good hotels.

The magnetic artesian well here is the finest in the country, and the medicinal qualities of its waters are absolutely unexcelled by any in the United States. It has Adams and Am Ex, and W U Tel offices.

FINEST BUILDING STONE IN THE STATE.

JAMES B. LYNE, Pres't. E. D. CHADWICK, Sup't. J. F. GULICK, Sec'y and Treas.

THE

Terre Haute Stone Works Co.

QUARRIES AND MILLS AT STINESVILLE, MONROE COUNTY,
On Louisville, New Albany & Chicago R. R.

Also MILL AND OFFICE OF COMPANY AT TERRE HAUTE, IND.

Block Stone (any size), Bases, Curbs, Posts, Water Tables, Window Caps, Sills, Columns, Lintels, Cut Work of all kinds.

THE RAILROAD FACILITIES AND CENTRAL LOCATION OF TERRE HAUTE GUARANTEE TO PURCHASERS LOW FREIGHTS.

Oolitic Limestone is shipped to all parts of the United States. This Company invites applications for samples and specifications. It refers to many Public Buildings as examples of the Beauty and Durability of its Stiuesville Stone. It is now building the Vigo County Court House, an elegant structure to cost $500,000, and is supplying the stone work for some of the finest business and residence properties in the State.

The OOLITIC STONE from the quarries of the T. H. Stone Works Co. is of a rich grey color, uniform texture, resonant and elastic iu the highest degree, works with facility by hand and machine and is very valuable for Architectural purposes; its superior strength and durability make it desirable for permanent engineering work. Oolitic Limestone was selected for the Indiana State House after exhaustive tests and comparison with stone from all parts of the country. Its use in the new Vanderbilt house, in Lincoln Park, Chicago, the Olympic Theatre, St. Louis, Louisville Custom House, New Orleans Cotton Exchange, and other important buildings are available illustrations of its Superior Quality.

Its Purity (it is 96 per cent. carbonate of lime) resists atmospheric influences and its great elasticity withstands effects of freezing and of unequal expansion and contraction from sudden or unequal changes of temperature.

☞ **For work exposed to great climatic changes, Oolitic Limestone is the best in the Country.**

UNION CITY. An extensive manufacturing city of 5,000 inhabitants, the chief commercial town of Randolph county, is located on the Ohio State line, in a rich agricultural district, 11 miles from Winchester court house. It is about equal distance (35 miles) from the Ohio and Indiana capitals, is traversed by P St L & P and C & I C Rs, and is the western terminus of the D & U C R R. This is comparatively a new town, as it was not settled until 1854, and in 1860 had become large enough for a corporation. Since 1860 the growth has been steady and of a substantial nature. Union City carries a debt of $55,000, and is supplied with good water works, a volunteer fire department, 7 churches, high and graded schools, good opera house, 3 hotels 2 banks, and 2 weekly newspapers—*Times* and *Eagle*.

Its manufactures are steadily on the increase. Among the most prominent establishments operated are 3 saw mills, stave works, 2 brick yards, 4 flour mills, furniture factory, 2 planing mills, handle factory, 1 cooper shop, 2 hub and spoke factories, flax mill, butter tub factory, tile yard, foundry, trunk slat factory, and furniture and heat fender works combined. This

THOS. C. DAY & CO. { Farms and City Property for Sale. Some Bargains. 72 East Market St., INDIANAPOLIS.

This is the center of trade for the entire county, which is one of the richest agricultural districts in the State, the bottom lands of the Wabash, Mississinewa, Eel and Salamonie rivers, all of which flow through the county, are widely known as having no superior in productiveness. This was the first city in the United States to introduce electricity as a street light. The principal public buildings here include the court house, erected in 1879, a new city hall just completed at a cost of $20,000, a number of handsome business blocks, and several fine church edifices. The greater portion of these are built of stone quarried in the county, which is of a superior quality, and extensively used throughout the United States. The city has excellent schools, 3 banks, 4 hotels, and supports 3 weekly newspapers—*Times, Courier* and the *Plain Dealer*. Wabash, as a manufacturing town, ranks among the foremost in the State, numbering among its mills, factories, etc, 2 saw mills, 2 foundries, 1 stave factory, 1 woolen mill, 1 school furniture factory, 2 flour mills, 1 plow factory, 1 planing mill, 1 spoke and hub factory, 1 cooper shop, 1 washing machine factory, machine shops of the C W & M Ry, and extensive works of the Underwood Manufacturing Company. Ex, U S and Pacific. Tel, W U. Daniel Sayre, postmaster.

WARSAW. The judicial seat of Kosciusko county, is an important incorporated city of 3,100 inhabitants, located near the Tippecanoe river on line of P Ft W & C and C W & M Rys, 122 miles north of Indianapolis, and 109 east of Chicago. This is quite a noted summer resort, surrounded by Pike, Eagle and Center lakes, which are famous for excellent fishing and boating, and attract a large number of pleasure and health-seekers, during the summer months. Warsaw is a handsome business city, supplied with 5 churches, graded schools, a public library 3 hotels and 2 banks. The new court house, now nearing completion, is a model of architectural beauty; estimated cost of same, $225,000. The newspapers published here are known as the *Times*, daily, *Wasp*, issued daily and weekly, the *Northern Indianian* and *National Union*, weeklies, and the *Dental Student*, a quarterly publication. The chief industries in manufacture include 2 foundries, a planing mill, saw mill, 2 flour mills, cooper shop, furniture factory and large bentwood works, that manufacture woodwork for plows and other agricultural implements. This city is noted for its healthful climate and pleasant location. Ex, Adams and U S. Tel, W U.

WASHINGTON. The judicial seat of Daviess county, is a flourishing city of 5,000 inhabitants, situated at the crossing of O & M and E W & B R Rs, 19 miles east of Vincennes, 136 southwest of Indianapolis and 168 west of Cincinnati. The manufacturing industries of Washington, while not numerous, are substantial. They include 4 flour mills, 1 cooper shop, 2 foundries and 2 saw mills. Coal of a good quality is mioed in the vicinity. Washington was settled in 1817, and soon thereafter was made the county seat, It was incorporated a city in 1875, and is now a thrifty business place, containing excellent county buildings, good business blocks, 2 banks, 4 hotels, 7 churches, graded and high schools, 1 opera house, a good fire department, and is lighted by gas. 2 newspapers—*Gazette* (daily and weekly) and the *Daviess County Democrat*—are published here. Coal, grain live stock are the chief exports. Ex, O & M. Tel, O & M.

WINCHESTER. This growing important commercial and manufacturing town of 2,800 inhabitants, the county seat of Randolph county, is pleasantly located at crossing of G R & I and C C C & I R R's, 75 miles northeast of Indianapolis and 67 south of Fort Wayne. It is surrounded by a rich farming district and is the shipping point and business center of a large section of country. Winchester is handsome in appearance, an extensive manufacturing place and is supplied with good county buildings, fine churches, excellent public schools, 2 banks and 3 hotels. The press is represented by 3 weekly newspapers, the *Journal, Herald* and *Democrat.* It is rapidly increasing in manufacture. The prominent establishments operated handle works, flax mill, glue factory, woolen mill, brick yard, flour mill, tile works, 2 saw mills, wagon works, 1 foundry and 1 tannery. Produce, flax and grain are the chief exports. U S Ex. W U Tel. Charles E Ferris, postmaster.

WINDFALL. Is an exceptional, thrifty, business town of 900 inhabitants, located in Wildcat township, Tipton county, on the C St L & P Ry, 7 miles north of Tipton, the county seat and banking town. Windfall enjoys an extensive trade from a productive, agricultural district, that has no superior in northern Indiana, its citizens are energetic, liberal and hospitable. A bank with a capital of $25,000 would prove a profitable investment, and a convenience to the business community. A weekly newspaper would also receive a liberal support. The prominent features here are 2 churches—Methodist and Christian—a good graded school, 1 hotel, 1 barrel-hoop factory, 1 flour mill, 1 stave factory, 2 saw mills, 2 wagon material factories, 1 tile yard. Grain, lumber and staves are extensively shipped. Ex, Adams. Tel, W U. F S Zeek, postmaster.

WORTHINGTON. Was settled in 1850, incorporated in 1870, and is now a progressive business town of 1,300 inhabitants, located in Jefferson township, Greene county, on the I & V and T H & S E R Rs, 8 miles northwest of Bloomfield court house and 72 southwest of Indianapolis. The town is on White river, at its confluence with Eel river, which gives it most excellent water power. The bottom lands along these rivers are very rich and productive. Worthington contains 6 churches, a graded school, public hall, 1 bank and 3 hotels. Of the last mentioned, the Osborn House is decidedly the best. It is centrally located, and its table is first class. One weekly newspaper—*The Times*—is sustained. The manufacturing interests are represented by 2 flour mills, 1 pottery, 1 planing mill, 1 saw mill and 1 cooper shop. Grain, live stock and coal are exported. Ex, Adams. Tel, W. U. Charles Pening, postmaster.

CAUTION.

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our book as a specimen, and by that means collecting moneys in advance. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

EQUITABLE

LIFE ASSURANCE SOCIETY,

OF THE UNITED STATES.

HENRY B. HYDE, President. **120 Broadway, New York City.**

SECURITY { Its surplus on the most conservative standard (four per cent.), is larger than that of any other company.

JUSTICE { Every policy is INCONTESTIBLE after three years, and becomes, in effect, a Bond of the Society, payable immediately on receipt of proof of death.

PROFIT { Shown by the dividends realized on matured Tontine policies, and the matured Endowment policies now being paid by the Society.

It is not necessary to employ a lawyer to collect a policy issued by the EQUITABLE LIFE ASSURANCE SOCIETY.

Death Claims paid in 1883:

34 per cent. was paid the very day the proofs were received. } **$2,913,769.97.** { **No company in the world can show a record of such promptness.**

THE SOCIETY HAS NO CONTESTED CLAIMS ON ITS BOOKS.

The Equitable has paid over SIX HUNDRED THOUSAND DOLLARS to families of deceased members, in the State of Indiana alone. A few among the most prominent are the following:

J. S. Gronendyke, Lafayette	$10,000	Jacob H. Colclazer, Indianapolis	10,000
Horace W. Hanna, Ft. Wayne	10,000	David McBride, Lafayette	20,000
David C. Stunkard, Terre Haute	15,000	J. M. Sinclair, Indianapolis	10,000
John W. Burson, Muncie	10,000	O. A. Fitch, Madison	12,000
John D. Bond, Ft. Wayne	10,000	Ralph H. Thompson, Terre Haute	20,000
John J. Blackman, Aurora	10,000	Thos. Gaff, Aurora	10,000
H. C. Ransom, Jeffersonville	10,000	Chas. A. Fifield, Lafayette	10,000
Jacob Lemmon, Putnam County	10,000	Philip Newbart, Terre Haute	10,000
J. S. Dunlop, Indianapolis	10,000	Sam'l S. Early, Terre Haute	10,000

☞ Before insuring, write D. B. SHIDELER, MANAGER, 43 Vance Block, Indianapolis, for an explanation of **THE SEMI-TONTINE POLICY,** a policy that provides for old age and insures against death at ordinary life rates.

AGENTS WITHIN HAILING DISTANCE ALL OVER THE STATE.

PATENTEES AND MANUFACTURERS OF

Little Giant Straw Stackers!

Positively the ONLY Stacker that can be set out of line with the Separator or without leveling up or digging.

Weighs only 600 pounds; made of wrought and malleable iron. Can be set up or taken down at either end of circle stack, or any place on circle desired; no leveling up by digging required; no attention paid as to lining with separator—will run 3 feet out of line as well as others that have been placed in perfect line and leveled with spirit level. Can be set on hillside, or knoll, in ditch, on stone fence, barrel-head, or to bank barns as quick as any other make can be on level floor. Can set or tear down in two minutes any place. Every machine warranted to work perfectly. ☞Ten dollars per day saved by farmers using our Stacker. Agents wanted in every County. For full particulars write us for Catalogue No, 7. Address

Billiard and Pool Tables, with the celebrat. d quick cushions.

Prices and terms beyond competition.

Main offices and manufactories at **Cincinnati, O., Chicago, Ill., and New York City.**

Sole Agents for the Patent Hyatt Billiard and Pool Balls.

BRANCH, No. 59 South Illinois Street, INDIANAPOLIS, IND.

THE FRANKLIN BINDER TRUCK.

The most perfect truck ever offered to the public. One man can load a binder in a few minutes; when loaded can pass through any ordinary gate or barn, or over rough, stony or marshey roads with ease and safety. The farmer uses his wagon wheels, making this not only the best but much the cheapest Truck made. No farmer who has a binder can afford to be without it one season for its cost. Thousands of Farmers testify to this, Who have tested it. Ask for the Franklin Truck and take no other.

FOR SALE BY ALL DEALERS.

All Communication sent to A. Turner, Patentee and Sole Manufacturer.

Correspondence Solicited. FRANKLIN, IND.

TUBES! Seamless Brass and Copper. American Tube Works. J. W. COTTON, Agent, 29 Lake Street, CHICAGO, ILL.

CAUTION.

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our book as a specimen, and by that means collecting moneys in advance. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

R. L. POLK & CO.

"BRYANT & STRATTON"

—AND—

PENMAN'S INSTITUTE,

INDIANAPOLIS, - - - INDIANA.

This Institution is in charge of its founder, who is assisted by a full corps of experienced Professors in all of the Departments, including Business, Short-hand, Type-writing, Telegraphy, Elocution, Music and Special Penmanship Institute. It is the oldest, largest, most thorough and most practical Institution of the kind in the West. Students may be assured that on completing our course they will not be mere theorists, as each will receive thorough drilling in "BUSINESS Practice," and a Diploma with the degree of Bachelor of Accounts, that will be readily recognized in every part of the Union as a positive evidence of the qualification of its holder. ☞ Particulars sent to any address.

THOS. J. BRYANT, M. C. S., LL. B., President.

A. B. BARKER, M. D. 70 East Fourth Street, - - Cincinnati. Cross-Eyes, Cataract and all Diseases of the Eye, Ear, Nose and Throat only.

THE Cincinnati College of Music is a superior Musical and Elocutional Institute of the highest merit, that recognizes and employs the best talent in America for instructors, who labor harmoniously under the most perfect management for the progress and perfection of students. The Cincinnati College of Music is the first institution in America justly and appropriately entitled College of Music by reason of its seniority, comprehensive courses of musical study and voice culture, and the high degree of perfection attained in each branch of its curriculum. The College does not endeavor to impart to each person all kinds of knowledge, by recommending imperfect courses in everything, but cultivates perfection in specialties. The pursuit of special courses of study in any department of knowledge leads to success when taken in specialty schools, and forbids the production of that class so aptly described by Plato as "somebody in everything, nobody in each thing." The College occupies the pleasantest and most central, healthy and moral location in the acknowledged center of highest Musical Development in this country. Being the Musical Metropolis, the best artists spend much time here, giving our students superior opportunities to cultivate liberal musical growth, and secure all the advantages obtainable in the world of harmony. A climate specially favorable to voice improvement, as there are not present the sudden changes and dampness peculiar to cities situated near large bodies of water and in higher latitudes. A corps of Instructors is in the College from which more superior artists, as vocalists and instrumentalists, are taken for the best church choirs of Cincinnati than all other schools. Special opportunities for worthy aspirants seeking choice positions. The Oratorical, Elocutional and Rhetorical Department offer superior inducements to persons desiring either brief or extended courses of instruction. The College being exclusively devoted to Voice and Instrumental culture, only superiority results, and no distracting elements retard progress as occur in mixed schools endeavoring to impart all branches of education. Musical specialists are in demand, and the profession is very pleasant and profitable. Graded prices and instruction in all branches.

Music is the realm in which woman is truly the queen, and none question her appropriateness in this calling. Her entrance into this profession is no experiment or novelty. She is welcomed by her sisters with a genuine heartiness to positions by their sides, and to certain employment in the different spheres of usefulness and happiness to which music administers. In the pursuit of music she can create her own field, and cultivate only such acquaintances as are agreeable and profitable. She will not need to experience the hardships of pioneer work, or meet the rebuffs so frequently given to her sisters who enter into competition with the opposite sex in fields occupied generally by men. In no other calling outside the domestic relation can she secure equal happiness and compensation for time. Music affords in prosperity comfort, and in adversity support.

A musical education is a source of revenue to its possessor. A cultivated execution or a fine voice has always a commercial value, especially very fine ones, such as that of Patti, Nilsson, Clara Louise Kellogg, Emma Thursby, Hope Glenn, Josephine Jones York. Each of the above has a fortune in her voice, and receives the notes of commerce for the notes of song in rich profusion, and secured fame as well as wealth. In music and drama women are paid better than men for their parts. Success is obtained only by labor; practice makes perfect. There are those who will not reach the top round of the ladder, who will not be Pareppas, Linds, Luccas, but whose home singing is a source of constant gratification even to the educated ear. The compensation of high classed artists is large. Many artists in Cincinnati earn their thousands annually. Patti received $4,400 per night for a long engagement—or $8,000 per week for months; she received $6,000 for a few minutes' singing one night with the Cincinnati May Festival Association. Nilsson received $2,000 per night for fifty nights. Madame Modjeska received $1,000 per night. Langtry's contract with Mr. Henry E. Abbey was that she should receive one-third of the gross receipts, and during a series of entertainments she averaged over $500 per night.

ESTABLISHED 1879.

INDIANA

BOSTON SCHOOL OF ELOCUTION AND EXPRESSION,

—OF—

INDIANAPOLIS.

Mrs. HATTIE A. PRUNK, Principal,

Graduate of the Boston University School of Oratory, under the late Lewis B. Monroe.

:o:

Elocution and Oratory Taught in all Branches of the Art, including the Delsarte System of Gesture and Dramatic Expression.

Instruction in Calisthenics, Physical and Vocal Culture, Expressive Reading and Elocution. (The cure of stammering and other vocal defects a specialty.) A special course intended for Teachers, Ministers, Lawyers, and those desirous of becoming Public Readers and Students of the Dramatic Art. Lectures and Essays constructed and revised. Special attention given to BIBLE and SHAKESPEAREAN STUDIES; also, DIALECT OR CHARACTER IMPERSONATIONS.

Pupils can enter the School at any time for private or class instruction. The Boston method used, and varied to suit individual wants. Regular School Year begins third Tuesday in September. The Summer Term is especially intended for teachers, students and those who are unable to attend at other seasons of the year. For terms and further information address, or apply at the School,

368 West New York Street, Indianapolis, Ind.

Blake and Noble Street cars pass the School. **Mrs. H. A. PRUNK, Principal.**

CAUTION.

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our book as a specimen, and by that means collecting moneys in advance. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertisements or subscriptions.

ACME SLEEVE PROTECTOR. ODORLESS. PAT. NOV. 30, 1880.

Acme Sleeve Protector. The height of perfection in Dress Shield; made of ICOSANDRA GUTTA, which is perfectly odorless and free from all the objectionable properties of Rubber. Is impervious to moisture, and unaffected by the acids and salts of perspiration.

Will Outlast Several of the Ordinary Kind for the Following Reasons:

1st. They have a thin double cover into which the Shields are placed without being stitched or fastened to the seam in the center, where all others break or tear, the ICOSANDRA GUTTA having sufficient magnetic properties to keep them in place without first fastening.

2d. The double covers prevent all strain on the Shields when putting the dress on, or taking it off.

3d. They also prevent wear from friction by the movement of the arm, on the inside from the seam of the dress sleeve and lining, on the outside from the corset and other clothing.

Points of Superiority. LIGHTER and more FLEXIBLE than Linen covered Rubber Shields, cooler and more comfortable than those covered with Flannel or Oil Silk and Chamois Skin, and will always remain soft.

Shields can be removed from covers and sponged off with soap and cold water, and covers washed; then Icosandra Gutta replaced, and be as clean and fresh as new.

The Shields have been thoroughly tested and will do all that we claim for them. ☞ Send for prices.

M. DEWEY,
Room 37,
75 E. Madison St., Chicago.

Parisian Suit Co., cor. State and Monroe Streets: CHICAGO, April 1, 1883.

We have used the Acme Sleeve Protectors since the spring of 1881. They give general satisfaction. We now use them exclusively in preference to other Dress Shields. PROBY & TUTTLE.

INTERESTING

TO YOU and to every one. Do not let this pass you by *without a thought*, as you may be in the habit of doing just as soon as you get a vague, faint idea as to what it relates, for in *justice* to *yourself* this may demand some consideration from you. If you are not *personally* in need of the *assistance* we herein tender you, you certainly have in your circle of *friends* and *acquaintances*, be it ever so limited, some who are afflicted (owing to the climatic peculiarities, extreme changes in temperature, etc.,) with the very prevalent and treacherous maladies we mention here, who will feel grateful toward you if you call their attention to this item, and which we will, with the aid of the sufferer in the use of our Remedies, *sincerely* promise to give immediate relief, and *permanently* cure. Dr. W. L. Clay's **Great Cure for Catarrh, Hay Fever,** etc., wherever introduced, is always admitted to be even more than is claimed for it.

Aside from the evidence we give you of the virtue in our medicine, and the benefit to be derived from a trial, we throw out the extra *inducement of* $100.00 *reward* for a case of the kind we mention that our Remedies will not cure, and all druggists who handle our Medicines are requested to return, at our expense, the purchase-money to any one who, upon trial, does not find relief in their use.

Being located here in Louisville, we of course, in the beginning, have done our greatest work here. We have, up to the present time, cured here more than *one thousand cases of Catarrh, Hay Fever*, etc., and have met with not a *single failure*. The proof of the absolute curing property of our medicines lies in the fact that those who used our Remedies at the very moment of introduction, more than two years ago, have not been troubled with a *symptom since*, and showing conclusively that ours is not one of the much-lauded nostrums, affording mere *temporary relief*, but positively and permanently curing the trouble; and furthermore, wherever we once sell our medicine "we sell again," and it is easy and simple to take—nothing complicated or difficult about the mode of taking.

Among those we have cured are a number of physicians, who could not relieve themselves nor get relief from other sources. We have abundance of testimony to convince the skeptic mind, and inquiry is also invited. We give here few names taken from our numerous testimonials of well-known men whom our medicine has made for us friends of, who will be pleased to give to any one desirous all that they know by their experience in use of our *Cures:*

Henry Morse, member Board of Trade, Buffalo, N. Y., cured of catarrh of twenty years standing, by use of three boxes.

Capt. John Dwyer, Captain Harbor Police, Buffalo, N. Y., catarrh for twelve years; cured by two boxes.

Capt. John Johnson, Johnson's tug, off foot of Main street, Buffalo, N. Y.; catarrh for twenty-five years; cured with three boxes.

Major Burt Williams, Tonawanda N. Y., cured of seventeen years' case, three boxes.

Allen G. Henley, Lexington, Ky.; neuralgia for seventeen years; cured with one bottle Queen of Pain.

John McLean, proprietor Cincinnati *Enquirer;* hay fever for eight years; cured by one box.

R. A. Brown, General Ticket Agent O. & M. R. R., Louisville, Ky.; catarrh for seven years; two boxes.

S. T. Ray, Tobacconist, Louisville, Ky., catarrh twelve years; cured by three boxes.

J. Crit Ireland, Livery and Sale Stable, Louisville, Ky., catarrh fifteen years; three boxes.

W. L. Murphy, Coal Dealer, Louisville, Ky.; catarrh eleven years; cured with two boxes.

J. H. Quasi, Boot and Shoe Dealer, Louisville, Ky.; catarrh seven years; two boxes.

Col. R. E. J. Miles, Theatrical Manager, Cincinnati; hay fever several years; one box.

A. J. Shuttleworth, of Graumon & Shuttleworth, Louisville, Ky.; catarrh for fifteen years; three boxes.

J. H. Branon, Livery and Sale Stables, Louisville, Ky., asthma twelve years; one box.

We have thousands of testimonials from among the best citizens of Kentucky.

Dr. W. L. Clay's **Queen of Pain** is an invaluable household medicine; it does positively cure the worst form of Headache in from five to ten minutes; Toothache in one-half minute; Neuralgia, Rheumatism, Sprains, Burns, Scalds, Bruises, Pain in Back; it will give relief in Cholera Morbus in ten minutes; for Bilious Colic, Cramps, etc., it is a boon to the sufferer.

Catarrh Cure, $1.00 per Box; Queen of Pain, $1.00 per Bottle.

Sent to any address on receipt of price. To any one who is *worthy* and *unable to pay*, by acquainting us with the fact and sending us stamps, we will present *medicine gratis*.

For Asthma, Removal of Tapeworm, Inflammatory Rheumatism, etc., Dr. Clay's Special Preparations are warranted to do what is claimed for them speedy and sure.

DRUG TRADE SOLICITED.

You will certainly have calls for our preparations. It will pay you to keep them in stock.

Catarrh Cure, - - - $8.00 per Dozen Boxes.
Queen of Pain, - - - $8.00 per Dozen Bottles.

We respectfully ask you to give a small order for trial.

For sale by R. A. ROBINSON, Wholesale Druggist, or

DR. W. L. CLAY and J. L. CURLEY,

Proprietors and Manufacturers,

LOUISVILLE, KY.

Dr. J. W. Kermott's

MANDRAKE PILLS!

These Pills have been prepared and used by the Doctor in his extensive Practice for more than a quarter of a century. Compounded from simple roots and plants they have this advantage over all others, that NO HARM CAN POSSIBLY RESULT FROM THEIR USE. Their action on the Liver and Kidneys is thorough, thus cleansing the system of all impurities, with none of the injurious effects of powerful and dangerous minerals. They will positively Cure

SICK HEADACHE,
NERVOUS DISORDERS,
LIVER COMPLAINTS,
DYSPEPSIA,
KIDNEY DIFFICULTIES,
NEURALGIA,
GRIPING PAINS.

And all diseases arising from want of action in the digestive organs. They are a VEGETABLE TONIC PURGATIVE, absolutely harmless under all circumstances, never injuring the weakest female or the youngest child. They may be used as a MILD LAXATIVE, and by increasing the dose they will act as a BRISK CATHARTIC, making them the BEST FAMILY MEDICINE IN THE WORLD.

:O:

Directions for Use.—As a Cathartic, in cases of Headache, Neuralgia, Loss of Appetite, etc., give from THREE to FIVE pills at night. For habitual Constipation, ONE pill every night until the bowels become regular.

CAUTION.—Be sure you get the genuine, which have the names of J. H. JENKS, Sole Proprietor, and J. W. KERMOTT (autograph) on the outside of each wrapper. **Price, 25 cents per box.**

J. H. JENKS, Sole Proprietor,
DETROIT, MICH.

☞**Sold by all Druggists.**

Polygon, Closed.

Bank & Office Fittings *in elegant styles, and special designs, in all kinds of Hardwoods.*

Bank Counters, Wood Mantels, Library Fittings, Ladies' Desks, Etc.

Opera Chairs.

See these chairs in Central Music Hall, New Academy of Music, Grand Opera House, Haverly's, and elsewhere. They have Hat-rack, Foot-rest, Tilting-back, Umbrella and Cane-rest.

Settees and Assembly Chairs for Hall and Church Seating.

School Furniture and Apparatus, such as Blackboards (all kinds) Globes, by far the largest variety in this country.

Stationary Top.

Andrews' Triumph School Desk,

Highest Centennial and Paris Awards.

Folding Top.

This Desk, with

Folding Lid and Seat,

Is the most important improvement of the age in School Desks.

Andrews' Lunar Tellurian Globe is the most remarkable and perfect invention ever produced, for showing in addition to Geography, the changes of Season and Causes, Twilight, Phases of the Moon, Eclipses, Tides, etc. It shows the revolution of Earth about the Sun ; also, that of Moon around Earth.

ANDREWS' PARLOR FOLDING BEDS.

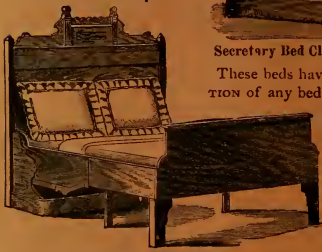
Made in 25 Styles.

Occupy one-fourth the space of the clumsy common beds, hence save room-rent! All the bedding, pillows and mattress fold out of sight instantly. The improved woven wire mattress goes with each bed, ensuring comfort.

Made in form of Book-cases, Dressing-cases, Secretaries, etc. Parties interested are invited to call and see these beds at our warerooms.

Price, from $25 Upward.

Secretary Bed Closed and Writing Leaf Open.



Secretary Bed Open.

These beds have the most perfect VENTILATION of any bed ever made; see cut showing the bed constantly open to the air when folded. They are on casters and easily roll from one room to another. The main points of excellence in these beds no other beds have, nor can have.

When moving, or in case of fire, bed and bedding can be instantly rolled out of the room.

Rear View of Folding Bed No. 9.

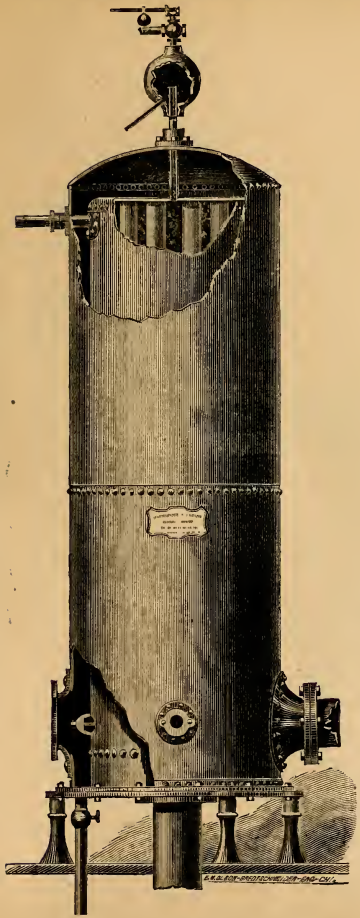
THE BEDS ARE
Light!
Elegant!
Portable!
Comfortable!

After six years' trial the demand is unprecedented. See published commendations from many first-class families in this city and elsewhere.

Call and See Them.

Manf'd only by **A. H. Andrews & Co.,**
195 & 197 Wabash Ave., CHICAGO.

THE BARAGWANATH STEAM JACKET



Feed Water
HEATER
—AND—
PURIFIER,

Manufactured by the

PACIFIC BOILER WORKS,

WM. BARAGWANATH

Office, 76 West Washington Street.

Works, West Quincy Street, near Desplaines.

CHICAGO, ILLINOIS.

BEST FEED WATER HEATER

In the world. Delivers Feed Water several degrees above Boiling Point.

Reduces Back Pressure on Engine

Prevents and Removes Scale and Incrustation from Boiler.

SAVES FUEL.

Increases the steaming capacity of Boilers and saves boiler repairs.

KNISELY & MILLER, *Slate, Tin and Iron*

74 West Monroe Street, Chicago, Ill.,

Manufacturers of

GALVANIZED IRON CORNICES,

THE HAYES PATENT SKYLIGHTS,
(Under license.)

INDIANAPOLIS

House Moving Company!

—MANAGED BY—

JNO. Q. ADAMS.

:o:

OFFICE:

No. 225 SOUTH TENNESSEE STREET, INDIANAPOLIS, IND.

:o:

ORDERS PROMPTLY ATTENDED TO BY MAIL OR TELEPHONE.

☞ We beg leave to call your attention to our card, and respectfully solicit your patronage. We are especially well prepared for Moving or Raising Heavy Brick or Frame Buildings.

☞ Our motto is: "Honest Work for an Honest Price." And we employ only the best workmen, and use only the best material and tools.

☞ We claim to be the only responsible House Movers in the State, and can give bond, if desired, for all work entrusted to us.

☞ The following is a partial list of our patrons, and we would be glad to have you inquire of any of them as to the quality of our work.

GIVE US A CALL.

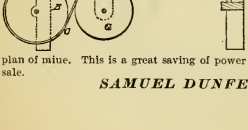
S. DUNFEE'S
PATENTED BELT AND PULLEY GEARING



In accompanying drawings I have represented my improvement applied to the frame of a planer; but it will be obvious that the improvement is applicable to all varieties of machinery requiring a quarter twist belt.

Mr. John H. Cooper, in his excellent work on belting, for arranging a quarter twist belt, when the shafts are at right angles, but not in the same plans the belt running on four pulleys, recommends this plan of mine. This is a great saving of power and belting. Shop, Mill, County and State rights for sale.

NICHOL & FRANKLIN

Attorneys in Patent Cases!

Correspondence relative to Patents solicited.

18 1-2 N. Pennsylvania St., Indianapolis, Ind.

BINDERS. { CARLON & HOLLENBECK,
PRINTERS AND BINDERS,
S. E. Corner Circle and Meridian Streets, INDIANAPOLIS, IND.

Patents.

Believing myself qualified, by a long and varied experience, to properly attend to any of the various branches of my profession, I respectfully invite those who desire to procure Letters Patent, which will fully protect their inventions, to investigate my ability to satisfy their wants.

Reissues.

Since the late decisions of the Supreme Court, virtually rendering invalid a large proportion of Reissued Patents, it is more than ever important that original applications be prepared, with the utmost care, as Reissues can not now be relied on to protect Patent property.

SIVELY.

ALL MATT

M. I. S. T. Means Murray's Infallible SYSTEM TONIC.

The only Scrofula, Catarrh, Blood, Liver and Kidney Medicine on Earth. M. I. S. T. is Tasteless. 50 Capsules in each box. Medicine delivered C. O. D. to any part of the city, or the United States, or by Mail. Call or address

Price, $1.00 Per Box. **M. I. S. T. Co., 34 Circle St., Indianapolis, Ind.**

WRITE FOR TERMS.

REFERENCES FURNISHED.

MECHANICAL KNOWLEDGE.

For nearly ten years, previous to entering my present profession, I devoted my attention mostly to mechanical and kindred subjects, having been engaged for a considerable portion of that time in setting up and running machinery. I have therefore a good knowledge of MECHANICS, as well as Patent Law, and that knowledge is practical, as well as theoretical. This enables me to thoroughly understand and appreciate new inventions when laid before me.

Miscellaneous.

Investigations made to determine the advisability of contemplated litigation of Patent Claims, and advice given in relation thereto. Will appear as Expert in suits for infringement of Patent rights, Assignments, Licenses and Contracts relating to Patents prepared and recorded. Rejected and forfeited cases taken up and prosecuted to final result, and business generally, relating to Patents, given careful attention.

THE CHICAGO MEDICAL COLLEGE.

Medical Department of the Northwestern University.

Corner of Prairie Ave. and Twenty-Sixth Street.

CHICAGO, ILLINOIS.

This College adopted, at its organization, a graded course of instruction, and was the first in this country to classify its pupils according to time and progress in study, as is habitually done in literary and other scientific institutions.

For this purpose, the several branches embraced in the curriculum are divided into three series or groups, corresponding with the three years' professional study; and are taught in three consecutive Annual Courses of Lectures.

THE COLLEGIATE YEAR embraces a Regular Annual Session for Students of **Six Months**, and a Special Session of **One Month** for Practitioners and Graduates only.

The Regular Annual Session commences on the last Tuesday in September, and continues until the last Tuesday in March following, when the public commencement exercises are held.

The Special Course for Practitioners commences on the Wednesday following the last Tuesday in March, and continues four weeks.

A Reading and Recitation Term, in connection with Clinical instruction, will be arranged for those students who may wish to remain in the city. It will commence immediately after the close of the annual term on the last Tuesday in March, and continue until June 1st.

FACULTY:

H. A. JOHNSON, A. M., M. D., 4 Sixteenth street; Emeritus Professor of the Principles and practice of Medicine and Clinical Medicine.
J. S. JEWELL, A. M., M. D., Emeritus Professor of Phychological Medicine.
N. S. DAVIS, M. D., LL. D., Dean of the Faculty, 65 Randolph street; Professor of the Principles and Practice of Medicine and of Clinical Medicine.
EDMUND ANDREWS, LL. D., M. D., Treasurer, 6 Sixteenth street; Professor of Clinical Surgery.
RALPH N. ISHAM, M. D., 47 S. Clark street; Professor of the Principles and Practice of Surgery.
E. C. DUDLEY, A. B., M. D., Professor of Gynecology.
E. O. F. ROLER, A. M., M. D., 2330 Indiana ave.; Professor of Obstetrics and Diseases of Children.
SAMUEL J. JONES, A. M., M. D., 170 State street; Professor of Ophthalmology and Otology.
J. H. HOLLISTER, A. M., M. D., 170 State street; Professor of General Pathology and Pathological Anatomy.
I. N. DANFORTH, A. M., M. D., Professor of Clinical Medicine.
O. C. DEWOLF, M. D., Professor of State Medicine and Public Hygiene.
WALTER HAY, M. D., LL. D., Professor of Mental and Nervous Diseases.
W. E. CASSELBERRY, M. D., 70 Monroe street: Professor of Materia Medica and Therapeutics.
MARCUS P. HATFIELD, A. M., M. D., 3346 Wabash avenue; Professor of Diseases of Children.
J. E. OWENS, M. D., Professor of Surgical Anatomy and Operations in Surgery.
LESTER CURTIS, A. M., M. D., Secretary, 1558 Wabash avenue; Professor of Histology.
HENRY GRADLE, M. D., 81 S. Clark street; Professor of Physiology.
JOHN H. LONG, Ph. D., Professor of General and Medical Chemistry.
CHRISTIAN FENGER, M. D., Professor of General Pathology and Pathological Anatomy.
F. C. SCHAEFER, M. D., Professor of Descriptive Anatomy.
A. G. PAINE, A. M., M. D., Lecturer on Dermatology.
FRANK BILLINGS, M. D., Demonstrator of Anatomy.

:o:

For further information, apply to

LESTER CURTIS, A. M., M. D., Sec'y, 1558 Wabash Ave., CHICAGO, ILL.

ST. LOUIS

MEDICAL COLLEGE,

Corner of Seventh Street and Clark Avenue,

ST. LOUIS, MO.

Faculty.

A. LITTON, M. D., Professor of Chemistry and Pharmacy.
J. B. JOHNSON, M. D., Professor of the Principles and Practice of Medicine.
E. H. GREGORY, M. D., Professor of the Principles and Practice of Surgery and Clinical Surgery.
J. S. B. ALLEYNE, M. D., Dean, Professor of Therapeutics and Materia Medica, and Diseases of Children.
E. F. SMITH, M. D., Professor of Clinical Medicine and Pathological Anatomy.
L. CH. BOISLINIERE, M. D., Professor of Obstetrics.
G. BAUMGARTEN, M. D., Professor of Physiology.
H. H. MUDD, M. D., Professor of Anatomy and Clinical Surgery at the City Hospital.
W. E. FISCHEL, M. D., Professor of Hygiene and Forensic Medicine.
R. LUDEKING, M. D., Professor of Pathological Anatomy.
E. M. NELSON, M. D, Assistant to the Chair of Obstetrics.

Lecturers.

J. GREEN, M. D., Lecturer on Ophthalmology.
W. L. BARRET, M. D., Lecturer on Diseases of Women.
J. M. SCOTT, M. D., Lecturer on Clinical Medicine.
G. A. MOSES, M.D., Lecturer on Clinical Gynæcology.
N. B. CARSON, M. D., Assistant to the Chair of Surgery.
W. C. GLASGOW, M. D., Lecturer on Diseases of the Chest, and Laryngology.
J. FRIEDMAN, M. D., Demonstrator of Chemistry.
EDWARD EVERS, M. D., Lecturer on Histology.
JOHN P. BRYSON, M. D., Lecturer on Diseases of the Genito-Urinary Organs.
W. A. McCANDLESS, M. D., Demonstrator of Anatomy.
FRANK KERY, M.D., Demonstrator of Anatomy.
C. H. HUGHES, M. D., Lecturer on Nervous and Mental Diseases, and Electrotherapy.
HARRY HODGEN, M. D., Curator of the Museum.

The Forty-Third Regular Session will begin on Monday, Sept. 22, '84, and continue until Mar. 1, '85.

There will be no preliminary lectures. The Course of Studies in this School extends over a period of three years, and is graded; the first year being devoted mainly to theoretic and demonstrative branches, the second and third years taking up the practical subjects and specialties. Preliminary examinations in the branches of a good English education will henceforth be required from all students entering the College; where a diploma or certificate of graduation from a literary or scientific college or high school is presented, this will exempt from examination. Practical work in the anatomical rooms and in the chemical laboratory is obligatory. Attendance on all the special branches as given by the Lecturer is required for graduation. The facilities for clinical studies are unsurpassed.

FEES:

Matriculation Fee (paid but once), - - - - - - - $5 00
Fee for each winter term, including graduation and all other fees 90 00

For the Annual Circular, or any information, call upon or address the Dean, No. 3132 Washington Avenue.

J. S. B. ALLEYNE, M. D., Dean.

THE SAINT LOUIS MEDICAL AND SURGICAL Journal.

(Established 1843.)

A MONTHLY JOURNAL OF MEDICINE AND SURGERY.

Published at St. Louis, Mo.

Editorial Department.

LeGrand Atwood, M. D., Editor. Frank M. Rumbold, M. D., Pub. and Proprietor.

ASSOCIATE EDITORS:

H. Christopher, A. M., M. D., St. Joseph, Mo. Wm. A. Byrd, M. D., Quincy, Ill.
A. E. Prince, M. D., Jacksonville, Ill.

Ninety-six Large Octavo Pages in each Issue, Printed on Excellent Paper and with good Type; the Leading and Representative Medical Periodical of the West; Full Reports of the St. Louis Medical Society and Local Societies of the South and West.

This Journal is now in the Fortieth year of its existence, being the oldest medical monthly in the United States; this alone speaks volumes to its credit.

PREMIUMS TO SUBSCRIBERS.

As an inducement to Subscribers to help us widen the circulation of the Journal we make the following proposition: To those who send us the names of four new subscribers with their remittences, we will credit with one years subscription or send them any Book, Journal or Instrument or anything else, costing not more than three dollars, this will also apply to those who are not subscribers.

In this way many may get Books or Instruments or may be able to pay up their back subscription when in arrears and when collections are hard, and, at the same time, assist us materially. We would request subscribers and physicians generally to send us any News Items that may be of interest to the General Profession. Notices of Removals, sale of Practice etc., will be published free. We will be pleased to do whatever we can to assist our patrons, in the way of purchase of Instruments, Books etc.

We earnestly hope that the medical profession, especially of the West, South and North, will give us their pecuniary as well as their literary support and will do all in their power to extend the circulation of the Journal, by getting their Brother Practitioners to subscribe and contribute for it.

Terms.—$3.00 per Annum in advance; in clubs of five, $12.50; in clubs of ten, $24.00; single copies, 30 cents.

For further information address the Publisher, and enclose 30 cents in 2-cent stamps for specimen copy.

SALINE MANUFACTURING COMPANY,

—MANUFACTURERS OF THE—

Celebrated Saline Standard Wind Mill

THE CHEAPEST, BEST AND NEATEST LOOKING MILL MADE.

Will add fifty per cent. to any man's premises wherever it is put up. It is not a bob-tail mill, it is protected by a Vane and Governor, which adds to the looks as well as durability. It is finished by the best skillful workmanship, and for simplicity and strength it has no equal. We make both swing and rolling vane.
